## —Thousands Homeless— Italy Flood Dead May Total 500

Rains, Landslides  
Smash Salerno  
Coast Area

SALERNO, Italy (AP)—The worst cloudbursts and landslides in modern Italian history Tuesday battered 10 miles of coastal hills on the Gulf of Salerno, killing 217 persons or more. Three hundred others were still missing Tuesday night.

The death count was compiled by military police on emergency rescue duty in the disaster area.

Hundreds were injured and thousands of Italians living beside the usually temperate gulf were homeless. Damage was estimated in millions of dollars.

In Rome, Giacinto Bosco, under-secretary to Premier Mario Scelba, said at midnight the death toll had reached 193. He said he feared scores of the missing never would be found alive.

At Salerno, where American assault troops stormed ashore 11 years ago in crucial battle, authorities said the official toll already had passed 160 and that 200 was a conservative estimate of the dead. Hospitals were full of the victims as far north as Naples.

### 3-Hour Torrent

The stricken coastline extends from Salerno, about 30 miles south of Naples, south westward to Amalfi, which was untouched.

Rains began falling from Sorrento to Salerno early Monday night and turned into torrents by 11 p.m. The heaviest torrents lasted three hours.

The cloudburst softened mud holding together homes built of white volcanic rock and hundreds of them crumbled. In Salerno alone 5,000 were homeless.

Two-foot walls of water surged down the mountains. The rains stopped for two hours, then resumed, and a light fall continued through the day.

Destroyed were the hamlets of Marina di Vietra, Caneloni, Molina, Allesio, and San Cesario. Six other villages were without food or water and helicopters tried to aid them.

**Theater Mortuary**  
Boats cruised the gulf recovering bodies being swept into the Mediterranean.

Salerno's Verdi Theater was converted into a mortuary to which 87 bodies were taken for identification.

The grim search and relief operations had to be carried on through streets ankle-deep in mud. Sewer systems were destroyed, causing public health authorities to take emergency measures against spreading of disease. The lack of water, gas, and electricity made the plight of the victims grim Tuesday night. A few emergency public services had been restored, but it will take months to bring back normal service.

Each time a sprinkle fell from the leaden skies scores rushed to the churches to pray. But they did not go to the old Church of the Holy Annunciation on the outskirts of Salerno. It survived World War II but not Tuesday's deluge.

### Today's Chuckle

What we need is a child labor law to keep them from working their parents to death.

## QUEEN MOTHER LANDS FOR 25-DAY U.S. VISIT

QUEEN MOTHER ... to "see as much as I can"

NEW YORK (AP)—Queen Mother Elizabeth of Britain arrived Tuesday on the huge liner that bears her name to pay a 25-day visit and, in her own words, see "as much as I can."

The queen mother will spend nine days in New York and later go to Washington to visit the President and Mrs. Eisenhower.

"I only wish that time would allow me to travel a little further and to see more of the wonders of your country," she said in a brief speech at a welcoming reception before she left the ship.

Recalling her last trip with the late King George VI, the Queen Mother said, "Ever since our happy visit in 1939, I had always hoped that one day I might be able to come back and stay a little longer in your country."

### Noble City

She said she wanted to see as much as she could "of this noble city of New York and of its life and people."

"I am also greatly looking forward to meeting the President and Mrs. Eisenhower again when I go to Washington next week," she added, "and to meeting the mayor and Mrs. Wagner before I leave New York."

The Queen Mother, wearing a gunmetal satin gown with matching shoes, a grey hat with pink coque feathers and pearls, smilingly greeted more than a dozen British and American officials, and their wives at the shipboard reception.

### Carpeted Gangway

John F. Simmons, chief of protocol, represented the President, and former Ambassador Richard C. Patterson attended to bring a message from Mayor Wagner.

She graciously posed for photographs and, smiling at onlookers, left the ship, bidding goodbye to the ship's officers before she went down the red carpeted gangway.

Then she entered a waiting limousine for a drive to Wave Hill, the Riverdale, Bronx, estate of Sir Pierson Dixon, England's permanent United Nations delegate and her host during her New York visit.

## 'No Farm Discontent' —Dirksen

Senator Speaks At  
Fairbury, Scottsbluff

SCOTTSBLUFF (AP)—Senator Everett Dirksen (R-Ill.) said here Tuesday that "if there is farm discontent, I haven't discovered it."

He predicted "there will be a Republican senate," although he would not commit himself on the rest of the Congressional races, saying "it is a little out of my line."

In reply to a request made by Martin L. Gable, Scotts Bluff County Democratic chairman, to "make clear his record on rural electrification," Dirksen said, "I am the best friend REA has ever had."

On the upcoming debate on the censure of Sen. Joseph McCarthy, he said:

"Although I've befriended Joe McCarthy I would not vote for censure as a matter of principle. It would restrict the latitude and freedom of the Senate."

Earlier, Sen. Dirksen (R-Ill.) charged at Fairbury that prosperity under past Democratic administrations "had a graveyard tinge, a bloody touch." And, he added, "a great deal of it came back in wooden boxes from foreign battle fields."

Dirksen emphasized peace under the Eisenhower Administration at a Republican rally and barbecue at the city park here. Chilly, damp weather kept the crowd down to an estimated 300 to 500 persons. Sponsors had expected 3,000.

The Illinois senator said that for the first time in 20 years there was a semblance of peace in the world, and "you can thank a great President with a throbbing heart and Republican administration for that. Our peace is not garnished with the blood of young Americans."

Dirksen placed a blanket endorsement on all Republican candidates in Nebraska, many of whom were present at the rally. He said that only with a GOP congress can the Eisenhower program be continued.

## Planned Escape Caught

Lincoln police have revealed that an escape attempt planned by an inmate in the Federal Prison section of the City Jail was thwarted when the information leaked out.

The tip on the planned jail break, which could have involved serious injury to the jail guard, was given U. S. Marshal William Raab. The marshal contacted Lincoln police.

An iron pipe, torn loose from a radiator in a cell, had been secreted in the cell of Lee Blackmer.

### Iron Pipe

Police said Blackmer had planned to use the iron pipe on the jailer, during the second or third shifts, and attempt an escape.

Police said Blackmer, who was picked up in Iowa on a charge of car theft, was transferred to another cell and has been put under close guard.

News of the planned break was given the U. S. Marshal by an inmate whom Raab was taking to Omaha to stand trial there.

### The Weather

Kevin Fox of 1701 Harwood is fascinated by the scary spooks and goblins and witches. (Star Photo.)

## Attention Spooks!—Saturday Preferred

By SALLY ADAMS  
Star Staff Writer

"The goblins 'll git ye if ye don't watch out"—but when?

Halloween, the night for ghosts and goblins, falls on Sunday, Oct. 31. But many pint-sized spooks plan to celebrate on Saturday evening.

Consequently, many persons are in a quandary as to when to expect to be greeted by the cry of "tricks or treats"—Saturday or Sunday.

City officials and community leaders seem to believe that the majority of Halloweening will be done on Saturday night.

Police Chief Joe Carroll said he anticipates more activity on Saturday, particularly if Nebraska beats Missouri. He pointed out that the traditional midnight movies will be Saturday and on Sunday, youngsters will be faced with school Monday morning.

The Police Department will be divided with extra men on duty both nights.

The City Recreation Department is sponsoring its traditional Halloween party for Keen-Time Club members Saturday night at the municipal recreation center at 22nd and M.

Mrs. William McDermott, president of the Lincoln Council of Parents and Teachers, said that as a

parent she would only allow her children to do any Halloweening on Saturday.

So in spite of the fact that Halloween or All Hallow's Eve is officially Sunday, Saturday seems like the most likely time for "tricks or treats."

**SOP For Goblins**  
The National Congress of Parents and Teachers Associations has warned all spooks to be careful. They say:

Ghosts—drape your sheets carefully so they won't trip you.

Goblins—adjust your masks so you can see where you are going.

Witches—learn to "fly" your broomsticks without falling down.

**What Are You Doing Saturday Night?**  
"Hey! What are you going to do Saturday night?"

This question, posed by Jo Ann Gabarron, 16-year-old Lincoln High junior, will echo over the school's public address system Wednesday.

This Halloween warning, written by Jo Ann, a Student Council member, is a good reminder for all celebrators:

"Going to a party, a dance or a show?"  
"If so, you're one of the hun-

dreds of kids in Lincoln who won't be getting into trouble on this Halloween.

"Last year the police received approximately 20 complaints. 'With your help, we could cut that number in half, if not more.'"

"Each year Halloween damage is decreasing steadily.

"Let's don't give the kids much to improve on next year."

"Remember, it's more fun to spend your next vacation on the town, instead of on probation."

## Confessed Bank Robber Gore Is Here For Trial

By ALLEN EDEE  
Star Staff Writer

A 19-year-old admitted "amateur" bank robber, Joe Derl Gore, walked casually into the city jail Tuesday afternoon at the heels of a U.S. deputy marshal.

Gore was locked up for "safekeeping" awaiting trial for the \$58,250 Scottsbluff bank robbery a week ago Tuesday.

Jailor Floyd Orr said that the youth was "nice and quiet." He was dressed in civilian clothes.

**\$142 In Pockets**  
Police took \$142.52 from Gore's pockets along with a watch for safekeeping. He told police he was a laborer from Tulsa, Okla., and was born in Texas.

The short 145-pound federal prisoner was jailed in the federal "bullpen" with other federal prisoners.

Orr said that he is on the lookout for any possible attempted jail escape.

"He's under a \$25,000 bond. I'm taking no chances," the city jailor said.

Meals are carried into the federal prisoners by other prisoners. The jailor stands near to the cell door while the food is served, ready

to lock the door at the first suspicious sign.

Gore is in the same cell with another federal prisoner who once attempted escape from the city jail.

Police open the federal cells only to feed the prisoners and inspect the cells for any break attempts.

## School Bonds May Reach \$17 Million

If the proposed \$10.5 million school bond issue, which will come to a vote Feb. 8, were approved and sold, it would bring the school district total bonded indebtedness to \$17,267,000. Past bond issues, their purpose and amounts currently outstanding are as follows:

Issue of 1923, \$2 million to construct Belmont, Elliott, Hartley, Prescott and Whittier schools, completely paid off this year.

Issue of 1925, \$3 million to construct Clinton, Everett, Hartley addition, Hawthorne, Hayward second addition, Irving, Lincoln High addition, Park, Randolph, Saratoga second addition and play room and Sheridan, \$834,000 remains outstanding.

Issue of 1930, \$70,000 assumed from Havelock school district entered Lincoln district, \$18,000 left outstanding.

Issue of 1940, \$520,000, to construct Northeast High, completely paid off.

Issue of 1951, \$6 million, to construct Merle Beattie, Southeast High, Pershing and additions to Hartley, Northeast, Holmes, Bethany, Riley, Sheridan and other lesser improvements, \$5,915,000 remains outstanding.

(See bond issue election story on Page 16.)

## Series Started Five Weeks Ago

Soviet May Be Working On Whole  
'Family' Of Nuclear Weapons

By FRANK CAREY  
AP Science Reporter

WASHINGTON (AP)—A whole series of atomic blasts has been set off in Russia during the past five weeks or so—suggesting that the Reds may have developed, or are working on, a "family" of nuclear weapons, including artillery shells.

The U.S. Atomic Energy Commission, in a terse announcement late Tuesday, said:

"The chairman of the Atomic Energy Commission (Lewis Strauss) stated that there had been a series of detonations of nuclear explosives in Soviet territory."

"This series began in mid-September and has continued at intervals to the present."

"Further announcement concerning this series will be made only if some unusual development would appear to warrant it."

Some Fall-Out In U. S.  
"As is generally the case with nuclear detonations, these tests have resulted in some widespread fall-out of radioactive material, but insignificantly in the United States."

The AEC carefully refrained from making any statement as to just what the Russians might be testing.

But last month when Russia herself announced she had exploded "one of a type of atomic weapons," there was unofficial speculation here by Dr. Ralph Lapp, an atomic scientist, that the Soviets might be "testing warheads for battlefield use in artillery to counter our weapons on the battlefield."

New U. S. Program  
The U. S. has a 280mm. atomic cannon, and the Army disclosed over the weekend that it has started out on a program to use atomic shells in a wide variety of its conventional artillery.

Lapp suggested as a somewhat less likely possibility that the Soviets were trying out a series of warheads for aerial combat between airplanes "or ground-to-air missiles to be used in shooting down strategic bombers."

The announcement by the AEC was the first public statement by the AEC of any "series" of Russian tests.

The AEC's use of the word "nuclear" left open the question whether the "explosives" tested were of the hydrogen or more conventional atomic type.

H-Test In 1953  
Shortly after the Russians announced a hydrogen-type test in August, 1953, the AEC put out a confirming announcement and followed this up a couple of weeks later by saying the Russians had subsequently touched off a fission-type explosion which appeared to be part of a series.

**Only NBC  
Agrees To  
TV Reply**  
Demo Answer To  
Eisenhower Is  
Demanded

WASHINGTON (INS)—The Democrats demanded Tuesday that major networks give Adlai E. Stevenson free radio-TV time to reply to what national Chairman Stephen Mitchell called "partisan" material in President Eisenhower's "non-political" broadcasts and telecasts.

Mitchell, in telegrams sent to the presidents of the top radio and television chains, asked that a "half-hour period" be provided for Stevenson and suggested that facilities be provided to carry to the nation one of the two principal speeches the Democratic leader is making this week.

(In New York, the National Broadcasting Company said it had received Mitchell's request and has offered him from 7:30 to 8 p.m. CST on NBC television and 9:30 to 10 p.m. on NBC radio Saturday, Oct. 30, for a broadcast by Stevenson.)

(The Columbia Broadcasting System denied the request. A telegram signed by President Frank Stanton said "our established policy has been not to provide time to reply to the President of the United States, or members of his cabinet, appearing and speaking as such, or reporting to the people on their official activities, over our facilities. We believe this is a sound policy, fully in accordance with laws and regulations and we have applied it alike to Republicans and Democratic administrations."

The Democrats' plea for free radio-TV time came as the White House strongly indicated that Mr. Eisenhower will make a whirlwind campaign tour this week-end in a half-dozen states where Republican congressional candidates are locked in tight battles.

The Democratic Party's 1952 presidential nominee, invading the East in a bid for a Democratic Congress, speaks at Trenton, N.J., Thursday, and in New York City Saturday night.

**Two Wives  
Are Detained  
By Soviets**

WASHINGTON (AP)—The State Department announced Tuesday night it has "strongly protested" to the Soviet Foreign Office the detention and mistreatment by Russian secret police of two wives of American Embassy attaches in Moscow.

The Soviet government has countered the protest, officials here said, by accusing one of the wives, Mrs. Karl E. Sommerlatte, of "hooliganism," a Soviet term for rowdy behavior—and demanding her recall by the United States.

Diplomats here could recall no precedent for a government declaring the wife of a diplomat to be "persona non grata"—that is, personally unacceptable.

The other woman involved in the incident was identified by diplomatic authorities as the wife of Marine Lt. Col. Houston Stiff, assistant naval attaché in the embassy. Mrs. Sommerlatte is the wife of the second secretary in the embassy.

**Driver's Fault,  
But She Didn't  
Get A Ticket**

Patty Ehlers isn't such a hot driver now, but give her time, she'll learn.

Patty late Tuesday afternoon turned on the ignition of her mother's car, shifted into reverse, and backed all the way across the street into another car.

Driver of the other car was John F. Westling, 57, of 6629 Ballard. The accident was at 63rd and Havelock.

Police, however, didn't give Patty a ticket for negligent driving nor one to her mother, Mrs. Arnold M. Ehlers of 2345 No. 64th, for letting an unauthorized person drive the car.

Patty, you see, is only three years old.

# India Renews Plea For Halt In A-Bomb Making

## ... Winds Up U.N. Disarmament Debate

UNITED NATIONS, N. Y. (AP)—V. K. Krishna Menon of India Tuesday urged the U.N. to study methods of dismantling nuclear bombs so their deadly radio-activity would not produce disastrous results.

At the same time, he renewed in the U.N. Assembly's 60-nation Political Committee India's months old demand for a standstill agreement to stop production of atomic and hydrogen bombs while a disarmament convention is being worked out.

Menon, bolstered by a large assortment of notes and texts, was the last speaker in the two-week-old general debate on disarmament. He spoke strongly against the atomic and hydrogen weapons. He said that under no circumstances would India ever agree to their use. He was particularly emphatic about the hydrogen bomb.

**Terms It Suicide**

"That weapon, he said, was 'suicide for the nations who use them, genocide (destruction of a race) for those against whom they were used and infanticide for posterity."

Delegates of the United States, Britain, Canada, France and the Soviet Union were reported to have agreed to favor a move to send to the Disarmament Commission Menon's resolution containing his proposals for a standstill agreement. This would make it certain they would be considered by a proposed subcommittee made up of the five countries.

Menon supported a resolution co-sponsored by the United States, Britain, France, Canada and the Soviet Union in a rare display of unanimity last Friday. This proposal, which may be voted upon by the committee Wednesday if the orators stop in time, would instruct the Disarmament Commission to recreate a subcommittee made up of the five powers sponsoring the resolution. This subcommittee met last spring in London but made no progress. The group would be asked to resume secret talks and attempt to work out a disarmament convention providing for the eventual elimination of nuclear weapons from the war chests of the world.

# Luther Hagerman Rites In Beatrice

Funeral services for Luther Hagerman, 67, of 2312 Bradford Dr., will be in Evergreen Cemetery at 1 p.m. in the Harmon-Johnson Funeral Home in Beatrice. The Rev. Vance Rogers will officiate. Burial will be in Evergreen Cemetery at Beatrice.

Mr. Hagerman, a resident of Lincoln 10 years, died Tuesday. He was a native of Filley and a member of the Filley Methodist Church.

Surviving are his wife, Eva N.; two daughters, Mrs. Helen Landitch of South Plainfield, N.J., and Mrs. Lona Hoover of Bethesda, Md.; two sons, Thomas Clark of Buckeye, Ariz., and John Luther of Lincoln; two sisters, Mrs. Ada Norcross of Lincoln and Mrs. Nanette Williams of Filley; and five grandchildren.

# Romulo Advises Moral Leadership

By DICK SIMONSON  
Star Staff Writer

General Carlos P. Romulo called for American moral leadership to take the lead in Asia's fight against Communism and stop endorsing the methods of European colonial powers in an address here Tuesday night before the Lincoln Dinner Club.

General Romulo, 54, former aide-camp to General MacArthur during World War II, is now chief delegate from the Philippines to the U.N. General Assembly. He served as president of the fourth session of that body.

"Democracy in Asia is in more danger now than ever before," declared the stocky general. "And by making friends with Asia as you once did with us, America can come a long way in solving the entire problem."

**Precise, Clipped**

In precise, clipped phrases, the Columbia-educated statesman informed the 350 listeners of an Asiatic "balance sheet."

Arranged against the free world, under a "godless ideology," are the half-billion people of Red China.

The so-called neutrals — India, Burma, and Indonesia — comprise another half-billion, and since they are non-committal, Gen. Romulo said, they are "not ranged alongside us."

Against these numbers, he listed the Philippines — "your friend through fair weather or foul," Thailand, and Pakistan, with a combined population of only 120,000,000.

**Much Work**

"While it will take much work on your part to once more become accepted in Asia, it can be done," the general asserted.

He advocated more grants to

# Mrs. Montanye Rites In Kansas

Funeral services for Mrs. Persis Knight Montanye, 66, of Phillipsburg, Kan., will be held at the First Baptist Church there Friday.

The Rev. Lawrence Griffith of Colby, Kan., will officiate. Burial will be in Wheatland Cemetery in Jackson County, Kan.

Mrs. McIntyre died at a local hospital Tuesday, having been hospitalized in Lincoln about one week. She was a native of Whiting, Kan.

Surviving are two sons, L. Irving of Phillipsburg and Zack E. of Scott AFB, Ill.; two daughters, Mrs. Lida E. Maloney of Phillipsburg and Mrs. Minnie M. Bates of Macomb, Ill.; two brothers, Chester Belden of Topeka, Kan., and Edson Belden of St. Louis, Mo.; one sister, Mrs. Clyde Wiekke of Lincoln; five grandchildren and four great grandchildren.

# Turnpike Toll Road Scheme Gets Setback

Visions of a turnpike toll road across the country from east to west received a setback at the four-state conference in Denver last week, L. N. R. state engineer, reported Tuesday.

He explained that it was found that Kansas is not interested in such a road although bonds have been sold for a toll road from Kansas City to the southwest. Colorado is not interested with a connection to either a Nebraska or Kansas road. Utah is not interested in toll roads.

A fight looms in the Iowa Legislature over creation of a proposed toll road authority. Surveys show an east-west toll road would not be feasible until 1959 and in the meantime taxpayers would have to provide payment of bonds.

Should Nebraska build toll roads, R. pointed out, the state would be left "strictly on its own" judging by the attitude of the surrounding states, with no eastern or western connection. For example, the suggested Lincoln-Omaha toll road would have to depend entirely on inter-city traffic to pay construction costs.

## ... In Egyptian City

ALEXANDRIA, Egypt (AP)—Eight pistol shots were fired at Egypt's Revolutionary Premier Gamal Abdel Nasser Tuesday night as he addressed a huge rally celebrating the signing of the British-Egyptian Suez agreement.

A group of suspected assassins was seized by the crowd and hauled off by police.

Officials identified all the four under arrest as members of the fanatical, extreme nationalist Moslem Brotherhood.

Nasser was not hurt but two minor officials sitting near him were wounded slightly.

The eight shots fired in deliberately spaced succession brought a hush for a few seconds from the thousands packed in Alexandria's Liberation Square five minutes after Nasser began speaking.

Then the young leader shouted into the microphone in a voice rasping with emotion:

"Let them kill me! I have already established freedom, dignity and pride in Egypt!"

The first man seized was an Egyptian workman who sat in the front row and, police said, fired shots from a distance of about 12 yards.

The Egyptian state broadcasting system rebroadcast the shot-punctuated speech two hours after the actual shooting.

Listeners could hear clearly the eight spaced shots and then Nasser's exhortations to the crowd to remain in their places.

Nasser has been closely guarded in recent weeks because of the fear of an assassination attempt by the fanatical Moslem Brotherhood, which opposes phases of the Suez agreement.

# Divorce Sought

HOLLYWOOD (AP)—Marion Davies announced Tuesday that she will file for divorce from Capt. Horace Brown.

A spokesman for the famed former movie star said that Brown has left his wife's sumptuous mansion and is now in San Francisco. The couple separated last Friday. She had sued him for divorce once before but reconciled.

# Another Of Those 'Crazy' Chimpanzees To Be Given Zoo By Thomas Woods

That famous star of yesterday—the bicycle riding, roller skating and tight rope walking expert known as the chimpanzee, is due for a return engagement at the Antelope Park zoo.

Superintendent of Parks James Ager said the new young male chimp will be purchased with a \$1,000 gift from Mr. and Mrs. Thomas C. Woods. Woods has stated in a letter to the city that the money would be sent the city as soon as the City Council passed a resolution accepting the gift.

Considering his popularity, the chimp has had a hard time getting himself billed at the Lincoln Zoo. The last chimp was sold in 1944 after, according to Ager, he "developed some bad habits."

Thousands of people use to come to watch the chimp, Ager said, and the monkey put on regular shows. Harold Hines, now in charge of the zoo, trained the last monkey and will take over the job again when the new attraction arrives.

Ager stated he has contacted a number of places in regard to a purchase and is in hopes of having the new chimpanzee within a month. The animal will be shipped air express to Lincoln and met at the airport with a heated car for transportation to his permanent zoo home.

### "Weather-Proofing" Begins With NEW D-X Special MOTOR OIL

Here's why we guarantee New D-X Special will "Weather-Proof" your engine:

It flows at 40 or 50 below zero. But it has the tough body of finest summer-weight oils to give you extra protection on days that seem like June in January. D-X Special Motor Oil fights acid and sludge to a standstill. It cuts friction so much it can save up to a gallon of gas for every five in your tank. Its faster winter starts prevent "draining" your battery.

See your D-X Dealer now. He's the man who "Weather-Proofs" your engine with New D-X Special, and "Weather-Proofs" your car from bumper to bumper with the kind of complaint-proof service you would go miles out of your way to get.

MID-CONTINENT PETROLEUM CORPORATION

Here's how your D-X Dealer "Weather-Proofs" your car AGAINST WINTER!

- ✓ Crankcase—Filled with New D-X Special Motor Oil.
- ✓ Chassis—Lubricated according to car manufacturers' recommendations.
- ✓ Transmission, Differential—Changed to winter weight D-X Gear Oil.
- ✓ Wheel Bearings—Repacked with heavy-duty D-X Wheel Bearing Grease.
- ✓ Cooling System—Radiator inspected and protected with anti-freeze.
- ✓ Tires—Inspected, rotated or replaced.
- ✓ Ignition—Battery inspected, charged or replaced. Spark plugs cleaned or replaced.
- ✓ Finish—Car washed, polished or waxed.
- ✓ Accessories—Lamps and windshield wipers inspected, replaced if necessary.
- ✓ Gasoline—Your tank filled with New D-X Ethyl with UQ-plus.

2 Grades to Meet Your Car Manufacturers' Specifications:

Your D-X Dealer carries new D-X Special in 5w/20 and 10w/30 grades. Choose the grade your car manufacturer recommends. Both reduce piston wear up to 80%, cut oil consumption up to 45%, give freedom from carbon "ping." Money-back guaranteed.

# Pot Still At Boil From County Political, Religious Personnel Card

By VIRGIL FALLOON  
Star Staff Writer

The controversy around the inquiry made on personnel cards for Lancaster County employees and applicants as to their religious and political affiliations continued to erupt Tuesday.

More charges and counter charges added fuel with statements coming from new quarters.

Meanwhile, State Welfare Director Mayme Stukel said a meeting "in the near future" with the Lancaster County Board would be requested to determine if the state's merit system policy has been violated in regards to county welfare workers.

Violations, Miss Stukel said could result in withdrawal of federal-state funds allocated to the county for public assistance.

**Prohibits Asking**

The state's merit policy prohibits the eliciting or inquiry of political or religious opinions of employees or applicants and the discrimination by an agency or (merit) council against or in favor of an eligible applicant because of political or religious opinions and affiliations.

Miss Stukel said these merit system regulations apply to county workers who handle federal-state funds for assistance and welfare matters.

During the day, Joseph Ginsburg, Lancaster County Democratic chairman who touched off the controversy in a letter to the County Board, leveled a charge against his Republican counterpart, Chauncey E. Barney.

Barney, a county commissioner, defended the religious and political questions on the personnel cards entirely proper and charged Ginsburg's letter as "a political smear—a political gimmick."

Barney said the personnel cards were adopted to improve the county's employment structure. "It has concerned me the county has never maintained a personnel record," he said.

Ginsburg said "Mr. Barney has now made his position clear. He believes it entirely proper for county officials . . . to make inquiry of and collection of information from all county personnel as to race, religion and political affiliation."

"Mr. Barney says that it is proper for an elective official to surround himself with members of his party as assistants," Ginsburg said in a statement. "Does this mean no Democrats need apply?"

"I regard inquiries as to religion and political party affiliation as entirely proper when made by private enterprise," Ginsburg stated. "I regard (such inquiries) as particularly vicious when made by a governmental subdivision and during the progress of a political campaign."

Earlier in the day, Board Chairman Russell Brehm sided with Barney with comment as Ginsburg's letter to the County Board was read and placed on file.

Brehm defended the political and religious questions on the personnel cards and said "I don't know what this controversy is all about. If anything I would think it would have been why we didn't have personnel record cards for county employees years ago."

Meanwhile, F. C. Radke, Democratic candidate for the second district commissioner's post, praised Commissioner Chris Kuhner for his denouncement of a part of the county employment application card.

Kuhner must have had in mind, Radke said, that part of the Nebraska constitution which states "No religious test shall be required as a qualification for office. . . ."

"The welfare of Lancaster County, not the welfare of any political machine, should be the first consideration in hiring county workers," Radke added.

The Lincoln Council of Human Relations expressed "deep concern" over the county personnel forms (designed by Barney and Brehm) which provide for designation of church and political party affiliation.

At the same time, the Council was gratified to note the exception taken to this new procedure by Commissioner Kuhner.

"There is no room in the employment of public servants for considerations of creed or partisan politics," the Council's statement said.

The Council is headed by Rev. I. J. Dumas, minister of the Unitarian Church of Lincoln.

**161 Answered**

A survey conducted on the available personnel cards revealed 161 employees answered the party affiliation question, including "none" answers. Eight left the answer blank and 11 employees were under the franchise age. On religious affiliation, 163 answered the question, including five "none" answers. Thirteen left the answer blank.

Barney pointed out the largest single group of Democrats in any office or department is probably the County Welfare Department.

A survey of personnel cards revealed 27 Republicans, 11 Democrats, three "non-partisan or independents." Only one employee did not answer the question, but was under-age for voting.

**Fee Distribution Procedure Told**

An attorney General's ruling Tuesday requested by Lancaster County Attorney Frederick Wagener outlined procedure for distributing fees received for licensing sale of tobacco.

If the place of business is in a city, the opinion said, the city clerk should pay the license money to the city treasurer for the school district.

If the place of business is outside a municipality, the money goes into the county school fund.

# United Campaign Now Within Just 18% Of \$486,518 Goal

Lincoln's Community Chest-Red Cross drive lacks just 18 per cent of meeting its \$486,518 goal. Workers turned in an additional \$32,547 at the report luncheon Tuesday, making the grand total \$407,499.

E. L. Smith reported the advance gifts division has reached 90 per cent of its goal, or grand total of \$224,135.

The women's residential division turned in a new grand total report of \$13,740, or 86 per cent of the goal.

Dean Jones reported a grand total of \$169,623 for the employees' classified section, marking the section's drive 77 per cent complete.

James S. Farnsworth of the manufacturer's employees division and Mrs. Gilbert Caughran of the women's division received awards for completing their individual goals.

Gifts of \$100 or more in the advance gifts section reported Tuesday included the following:

## Ex-Ag Chief Brannan Predicts Large Democratic Farm Vote

**WASHINGTON (INS)**—Former Agriculture Secretary Charles E. Brannan said Tuesday farmers will vote Democratic in 1954 for the same reasons they did in 1948 and that the GOP will lose control of both House and Senate.

Brannen's forecast ran exactly to predictions made earlier this week by his Republican successor, Secretary Ezra Taft Benson. Benson foresaw a "strongly Republican" farm vote leading to a GOP gain of three or four seats in the Senate and as many as 25 in the House.

Both made their predictions in answering a series of questions submitted by International News Service.

Brannan was one of the most controversial figures in the previous administration and reputedly a leading architect of former President Harry S. Truman's 1948 victory.

He predicted that next Tuesday "a surprisingly large percentage of farmers will vote Democratic."

**Not Computed**

The former secretary said: "I am confident that the shift in sentiment among farm people in the Mississippi Valley and the West will change the control of both Houses. By how much I have not taken time to compute."

Asked why farmers will vote for his party this year, Brannon replied: "In 1952, farmers had not suffered a \$1.30 to \$1.50 decline in milk prices and livestock had not declined 40 per cent. The farmer-committee system had not been emasculated and there had not been damaging tinkering with the soil conservation and other programs."

Brannan said farmers should vote for the Democratic Party because "it is the only party that has ever shown any interest in them."

- Now a Denver attorney and legal counsel for the National Farmers Union, Brannan has campaigned this fall in Wisconsin, Minnesota, Indiana, South Dakota, Montana, Idaho and Colorado. He is a strong advocate of the rigid,

## William F. Witte Services Friday

Funeral services for William F. Witte, 92, of Long Beach, Calif., will be held at 2 p.m. Friday at Roper and Sons. Burial will be in Wyuka.

Mr. Witte, a pioneer resident of Nebraska, died in Long Beach Sunday.

A native of Carnaville, Ia., he had lived in Nebraska from childhood until he moved to Long Beach in 1925. His father was an early settler of Lincoln.

Surviving are five daughters: Irma C. and Mrs. Florence L. Chettie, both of Long Beach, Mrs. Ella I. Johnson of Los Angeles, Mrs. Grace M. Stout of Washington D.C., and Mrs. Gertrude M. Thiele of San Diego, Calif.; one son, Charles W. of Long Beach; one brother, Charles L. of Tecumseh; two sisters, Mrs. Doris Packwood of Tecumseh and Mrs. Mary Andresen of Eugene, Ore. six grandchildren and two great grandchildren.

## Holy Trinity Kicks Off Building Drive

Holy Trinity Episcopal Church kicked off a \$200,000 building fund campaign with a loyalty dinner Tuesday evening at Cotner Terrace. More than 300 church members and friends attended the dinner and learned of the purposes of the campaign.

Drive funds will be used to construct a youth education building, and a new parish house. No construction plans have been determined as yet.

Solicitations will begin within the next two weeks, according to Dr. Clayton Andrews, chairman of the canvass committee.

Speakers at the dinner included the Rev. David Gracey, pastor Harry Thorpe; Thomas Davies Sidney Anderson; and Dr. E. E. Angle.

**EAT ANYTHING WITH

# Views On Cerebral Palsy Changing

## Disease Results Re-Studied, Clinical Society Is Told

OMAHA (U)—Doctors are changing their minds about the causes of cerebral palsy, the Omaha-Midwest Clinical Society Assembly was told Tuesday.

Dr. Eric Denhoff said that 20 years ago the affliction seemed directly due to difficulties during birth. But now more cases are believed due to infections or illness of the mother - to - be during pregnancy.

**More Are Saved**  
Dr. Denhoff, medical director of the Meeting Street School for Cerebral Palsy at Providence, R. I., said another increasing cause is the fact that more children are being saved who formerly would have died from disease. Occasionally the result is cerebral palsy, he explained.

These diseases include meningitis, pneumonia and whooping cough. All result in a lack of oxygen and damage to the brain.

Treatment of cerebral palsy no longer consists of merely repairing physical defects, said Dr. Denhoff.

"I like to point out that the family comes first," he said. This means that the entire family, including the afflicted child, must

understand the burden of this ailment.

**Attitudes Vital**  
"If the family attitude is correct a surprisingly large number of children can take their place in the community," Dr. Denhoff said. Dr. Wallace H. Cole, professor of orthopedic surgery at the University of Minnesota Medical Graduate School, told of the progress in surgical treatment of polio victims.

The orthopedic surgeon now works closely with the rest of the polio team to prevent deformities before they get started, he said.

### Condition Of Hunting Mishap Victim Better

**Lincoln Star Special**  
HASTINGS, Neb.—The condition of Donald D. Boeck, 23, Omaha, was listed as improved here Tuesday by hospital authorities. He suffered a gunshot wound in the abdomen while hunting near Edgar.

### Rites In Missouri For Mrs. Luvina Feighner

**Lincoln Star Special**  
STELLA, Neb.—Funeral services were held at Linden, Mo., for Mrs. Luvina Feighner, who died at the home of her son-in-law and daughter, Mr. and Mrs. Frank Johnson of near Stella. Mrs. Feighner had resided at the Johnson home for several years. Burial was in the church cemetery at Linden.

### Verdon Girl Named Peru Queen

An all-student election at Peru State Teachers College named Peggy Eickhoff of Verdon to reign as queen of the annual homecoming festivities to be held on the campus of a thousand oaks Nov. 6. Miss Eickhoff, center, is a junior business administration major. Her two attendants are Gloria O'Hara, left, and Estlene Slater, right, both of Auburn. (Peru State Teachers College Photo, Special to The Star)

### Curtis' Record Fails To Bear Out Aid To Ike Claim—Neville

NORTH PLATTE, Neb.—Keith Neville of North Platte, Democratic candidate for the 6-year U. S. Senate term, charged Tuesday that the voting record of Rep. Carl Curtis (R-Neb) in the 83rd Congress does not bear out his claim that his election to the Senate will aid President Eisenhower. Curtis is Neville's opponent in next week's election.

Neville said Curtis was absent on 43 of the last 46 roll calls in the 83rd Congress, and added: "On eight of these 43 occasions he was not present to vote on bills labeled as 'key' issues by the Eisenhower Administration."

**Record Studied**  
Neville said an analysis of Curtis' record shows Curtis did not vote on many measures "favorable to agriculture, labor and the common man."

According to Neville, there were 17 "key" issues and Curtis voted "yes" on three of them, "no" on six and was absent on the remaining roll calls. "On agriculture," Neville said, "Curtis was absent when the vote

to increase borrowing authority of the Commodity Credit Corporation was taken."

**Curtis' Absence Cited**  
The Democratic candidate added that Curtis was absent "when such important bills as atomic energy, the president's health bill, vocational rehabilitation for 190,000 additional people and a motion for a White House conference on education were disposed of."

On labor legislation, Neville continued, Curtis was not on hand "when measures increasing unemployment payments and salary hikes for postal employees were voted upon. He opposed the president on public housing and he was absent when defense appropriation bills and tariff measures were up."

### Kansas Is Appointed To Fremont YM Post

FREMONT, Neb.—Charles C. Groves of Salina, Kan., has been named secretary of the YMCA at Fremont. He held a similar post in Salina for the past eight years.

### Attorney Meier Is Appointed To Defend Overton

HOLDREGE, Neb. (U)—William H. Meier of Minden was appointed by the court to defend Fred F. Overton of Hastings on a first-degree murder charge.

The 23-year old Overton was charged in connection with the fatal shooting of Leland Erickson, Oct. 3.

The appointment was announced by District Judge Edmund C. Nuss. Overton was in court but he did not enter a plea and the judge indicated his arraignment may take place next week.

Meier, former Deputy U. S. District attorney and former Democratic State chairman, currently is a candidate for the short-term in the U. S. Senate.

Overton told the court he had been unable to secure counsel.

Judge Nuss, in appointing counsel, said attorneys practicing in Phelps County were disqualified because of adverse interests.

STAN DELAPLANE'S

## POSTCARD

Who should blow into town the other day but M. Jacques Lemoine, the debonaire boulevardier of Paris.

"I look and look and look. In New York and in Chicago and in San Francisco. Everybody worry. They have the long face."

Jacques pulled his own face to show me how long.

"Why everybody in America not 'appy? You 'ave so many thing."

"What things?" I said.

"You 'ave—ow you say? —gadgets," said M. Lemoine happily.

I bring this up as a peculiar circumstance because M. Lemoine runs the Societe des Produits Europeens. His shop is in the little sunlit Square de l'Opera in Paris and is purely for the American tourist. You can buy Siss Music boxes, Black Forest cuckoo clocks, French gloves, scarfs, the oddest cork-screw that ever passed a censor, velvet peasant caps from Brittany, potted pate, perfumes and perfume atomizers — in other words, a gadget shop.

M. Lemoine ships a good deal of mail order business to tourists who write back for something they forgot for Aunt Minnie.

"But do not make the propaganda for me now," said M. Lemoine. "First I must 'ave the catalogue. Last time you 'ave write, I 'ave receive 500 letters. I must write each one myself."

I gave M. Lemoine the A tour. The big stores. M. Lemoine fingered the imported French gloves and noted the prices. He examined the labels on the French brandies and remarked that the 1947 wines were overpriced.

"I prefer 1949 or 1952," said M. Lemoine. "If you give me 1947 for 200 francs I will not pay. Ah, but 1952."

M. Lemoine said he was in the United States to sell French gifts to big corporations for the Christmas handout.

"I mail with Paris postmark. Very nice."

"Let me show you some fine department stores," I said.

"Wait," commanded M. Lemoine. He plunged into a drugstore

whose windows were plastered with screams of marked-down anguish. "Sale! Everything half price! Marked down this week only! Bargains!"

I found him fingering a trash can that opens with a footlever. "Gadgets," crooned M. Lemoine. "So nice." He looked at the price. "Bon marche," said M. Lemoine. "Is nothing."

"Everything in America is gadgets," said Jacques happily. "Look, you want to clean your tie, you just squeeze the bottle. Poof! Spot is gone. So nice."

Mr. Lemoine admired the plastic trays. He chortled over a flour sifter that worked by squeezing the handle. "So nice."

He took apart a screwdriver with a nest of little screwdrivers inside. He pocketed two of those clothes-hanger hooks that fit on the window of your car.

"Will not fit my Renault Quatre Chevaux," said Jacques. "Because the window do not go up and down but sideways. I buy anyway," he said, "and give to somebody."

He was fascinated by a plastic bottle with a brush top "Squeeze the bottle and the soap come out on brush. So nice."

He passed up the perfume counters like a mail car passing up a bindle stiff. He cuddled a pop-up ashtray that clips to your car by magnets and does everything but smoke the cigaret.

"Why everybody 'ere is no 'appy?" said Jacques. "In America I walk in any shop I find many gadgets. Oh, many."

This seems an excellent question. And I would recommend all worriers to walk about town with a visiting Parisian and readjust their sights.

"So nice, the gadgets," said M. Lemoine. "Push with foot, thing go up. Press with button, thing go down. Push with finger, spot come off tie. Put down cigarette, fire go out. So nice. You know what I do?" said Jacques. "When I return to Paris, I will open American gadget shop for Frenchmen!"

He beat out the time of "La Marseillaise" on the levered trash can. Push. Boom! Up. Release. Boom! Down.

"So nice," said Jacques Lemoine.

# Italy Welcomes Trieste Back In Rowdy Celebration

By WEBB MCKINLEY

TRIESTE (U)—The United States and Britain gave Trieste back to Italy Tuesday in a rowdy farewell thrown into utter confusion by rain, wind and a wild celebration.

The weather washed out the formalities, but failed to daunt the Trieste. They surged about the city by the tens of thousands to cheer the entry of Italian troops after nine years of British-American occupation.

They provided an almost equally tumultuous farewell for departing American troops. But the high wind that swept across the northern Adriatic forced the royal navy aircraft carrier Centaur to sail away ahead of schedule with departing British troops. They left virtually unnoticed.

**Formality Spoiled**

This dashed plans for a formal parade by honor guards of British, American and Italian soldiers planned to mark the change of command. Hearing of the Centaur's departure Maj. Gen. John A. Dabney, American commander, canceled his troops' appearance.

Then the crowd got into the act and spoiled the only formality left on the program—a final meeting between Dabney, British Maj. Gen. Sir John Winterton, Allied military governor, and his successor, Italian Maj. Gen. Edmondo de Renzi.

A flag-waving, cheering crowd of thousands broke through a cordon of 1,500 carabinieri (national police) and surged toward Winterton's hotel. He messaged that he could not get through the delirious mass of Triestini to meet his colleagues.

**Security Reasons**

This was announced as the reason for Winterton's absence. But it was learned authoritatively his appearance was canceled for security reasons because of the carabinieri's inability to restrain the throng.

In the meantime, Dabney waited for De Renzi, but learning of Winterton's absence De Renzi canceled his appearance too.

# FACTORS FOR FESTIVITY

THE FACTORS that contribute towards an exceedingly festive week are the factors that the current week seems to have in the hollow of its hand—Guests always are fun—and we have guests—Parties for guests—and for brides-elect always are fun—and those we have also—Then we have news of travelers—a

homecoming or two—or three—news of a new address—and so on—All in all the week has a warm and sunny outlook, socially speaking, which will do much to counteract the weatherman's prophecy of freezing temperatures—

THINK we'll begin the morning's

## Madam Chairman

MORNING

NU Faculty Women's Club, 10 o'clock morning coffees at the homes of Mrs. E. R. Washburn, 1681 Smith, and Mrs. K. C. Fouts, 6518 Fairfax.

work with news of the guests who will be pouring into Lincoln—

Understand that Mr. and Mrs. Roderick Fletcher will be in town and will be bringing six couples with them from St. Joseph, Mo., for the Nebraska-Missouri game on Saturday, and to spend the week end as the guests of Mrs. Fletcher's parents, Mr. and Mrs. John M. Miles.

On Friday evening Mr. and Mrs. Miles will compliment the visitors when they entertain at

## Study School Legislation

The Rev. Milton Laib opened the monthly meeting of BETH-ANY FTA, Tuesday evening, when the fathers took over the program and entertainment. Presiding at the business meeting was William Graves, and guest speaker was Dr. Steven N. Watkins who discussed the tax problems facing the schools.

Following a program of music, for which Ellis Jeffrey was chairman and which featured the Northeast High School boys' quartet, a social hour was held with the committee of hosts including Eugene Chadwell, chairman, Ralph Myers, Robert Ogden, James Kerry, Ralph Connors, James West, Robert Mahoney and Sam Dillow.

an hors d'oeuvres party at their home—

And on Saturday evening Mr. and Mrs. Fletcher and their guests from St. Joseph, will attend the dinner dance at the Lincoln Country Club.

A GUEST sixsome from North Platte will be arriving early Saturday morning to be the guests of Mr. and Mrs. John Mason who, preceding the game, will be a luncheon host and hostess at the University Club.

On Saturday evening Mr. and Mrs. Mason will entertain their guests at the Lincoln Country Club dinner dance.

AND THERE'S no better time than right now to tell you that on Sunday Mr. and Mrs. Mason will be leaving for New York City for a two weeks stay. In New York Mr. Mason will be attending a tax school at New York University—but Mrs. Mason will be devoting her entire time to nothing but pleasure.

BUT back to the guest list—We hear that Mr. and Mrs. James Ackerman are to have houseguests this week-end—Mr. and Mrs. Thomas Donahue of Washington, D. C. The piece de resistance as far as the week-end is concerned will be the Satur-

day game, but doubtless there will be some pre-and post-game activities planned between now and Saturday.

WE HAVE news of guests who will be arriving next mid-week, too—Wednesday, to be specific—The foursome will include Mrs. Ivan Carroll, her son-in-law and daughter, Mr. and Mrs. Lee Hayes, and their small son, Carroll, who are coming from Dearborn, Mich., to spend some time as the guests of Mrs. Carroll's brother and sister-in-law, Mr. and Mrs. Sidney Anderson.

SPEAKING of Wednesdays — on our calendar for the current one is a party for which Mrs. Neil Dieterich Jr., will be hostess at her home this evening when she entertains in honor of bride-elect, Miss Patrice Hammond, whose marriage to Calvin Lemmon is planned for December. The guest list will include Tri-Delta friends of the soon-to-be bride, and of her mother, Mrs. E. H. Hammond. The honoree will be presented with a shower.

ANOTHER Wednesday courtesy is the open house for which Mr. and Mrs. Roy Vermaas will be host and hostess at their home between the hours of 1 o'clock and 4 o'clock in the afternoon, and from 7 o'clock to 10:30

o'clock in the evening, when they honor their house guest, Mrs. Paul A. Winterhalter of San Francisco. No further invitations will be issued.

Mrs. Winterhalter will be remembered by Lincoln friends as Miss Sally Young, daughter of Dr. and Mrs. E. V. Young of Aurora, Ill.

SOMEONE told us that Mr. and Mrs. Glenn Baldwin have just returned from a week at the Broadmoor, Colorado Springs. During their stay there Mr. and Mrs. Baldwin were visited by Mrs. Douglas Elliott of Denver.

WE ALSO heard that Mr. and Mrs. John H. Ames will be returning today from Boston where they have been spending the past week.

AND back in town today after a long week-end in Colorado will be Mr. and Mrs. Ben Joyce, Mr. and Mrs. Ted Sick, Mr. and Mrs. William Hoppe, Jr., and Mr. and Mrs. Floyd Chance.

The eightsome went to Colorado for the game last Saturday, and from Boulder went to Colorado Springs for a few days stay at the Broadmoor.

AND on Thursday evening Mr. and Mrs. Martin will be a dinner host and hostess at the University Club when they compliment a visitor from the west coast, Mrs. Willard Yates of Carmel, Calif.

## Hostess And Guest

A very popular guest in Lincoln is Mrs. E. W. Dow (right) who arrived from Ann Arbor, Mich., the past week end for a visit with her son, David Dow, acting dean of the University of Nebraska College of law, and Mrs. Dow.

We found the two Mrs. Dows relaxing a moment just after a coffee for which Mrs. David Dow's mother, Mrs. C. Petrus Peterson was hostess at her home Tuesday morning—and just before taking off for a luncheon.

## October Ceremony

MRS. DONALD CHAVANU

Arrangements of bronze and gold chrysanthemums appointed the altar of St. Mary's Church Saturday morning, Oct. 16, for the marriage of Miss Shirley Geisler, daughter of Mr. and Mrs. John Geisler of Pleasanton, and Lt. Donald E. Chavanu, son of Mr. and Mrs. John Chavanu of Eddyville. The 9:30 o'clock service was solemnized by the Rev. Robert Foster.

Miss Bessie Grammer, organist, played the wedding music

and also accompanied Donald Wendt, the vocal soloist.

Wearing identical frocks of crystalettes fashioned with fitted basques and flaring, waltz-length skirts were the matron of honor, Mrs. Donald Wendt of Hazard, in antique gold, and the bridesmaids, Miss Marilyn Schultz and Miss Theresa Walz of Lincoln, and Miss Barbara Downey of Grand Island, costumed in the bronze shade. They carried cascades of chrysanthemums in frock tones.

The bride appeared in a gown of white imported lace and tulle over satin. A tiny mandarin collar accented the illusion yoke which was framed by the lace of the molded bodice, and the sleeves were long and fitted. The lace extended into a full overskirt beneath which the skirt of tulle over satin ended in a whisper train. Her lace-edged veil of illusion was held by a tiara of pearls and crystal beads, and she carried a white prayer book showered with white roses.

Lawrence Cunningham of Eddyville served as best man, and the ushers were Edward Chavanu of Kearney, Eugene Geisler of Pleasanton, Glenn Rhode and Robert Cunningham of Eddyville.

Following a wedding trip to the Black Hills, Lt. and Mrs. Chavanu will reside at Minneapolis where the bridegroom is serving with the Air Force. Both are former students at Kearney State Teachers College, and Mrs. Chavanu is a graduate of St. Elizabeth Hospital School of Nursing in Lincoln.

HUNTINGTON PTA members heard a panel discussion on "Legislation for Education," Tuesday evening which was moderated by Erwin Goldenstein, co-chairman of legislation for the unit. Panel participants were Dr. R. L. Fredstrom, assistant superintendent of Lincoln schools, State Senator Otto Liebers and Stanley Hawley of the state board of education.

Mrs. Edna Akeson and William Landis served as door hostess and host, and presiding at the refreshment table following the meeting were Mrs. Violette Anderson and Mrs. William Rohnstein. Mrs. Henry McGrail was chairman for the social hour assisted by Mrs. H. N. Bowmaster, Mrs. Marion Sederberg, Mr. and Mrs. Seymour Lee, Mrs. Clyde Underwood, and Mrs. Ben Eisenbach.

## Inter-Club Hears Talks

The October meeting of the Lincoln Women's Inter-Club Council was held Tuesday noon at the Chamber of Commerce when a group of Lincoln High School students told of their experiences while studying in Europe under the sponsorship of the American Field Service.

Bob Wilson served as moderator, and the speakers were Jan Lichtenberger, Nan Carlson, Tom Fisher and Bruce Pauley.

Miss Jeanne Shankland presided at the meeting, and program chairman was Mrs. R. F. Richmond.

Mrs. Bertha Johnston (at left) and Mrs. Angeline Camp presented a candlelighting ceremony Monday evening when the Lincoln Toastmistress Club observed Founders Day with a special program and dinner at the Capital Hotel.

Marking the 16th anniversary of the national organization, Mrs. Camp spoke on the founding of the group, and Mrs. Josephine Egan gave a talk, "Ideals Incorporated," telling of the organization of the Lincoln club six years ago.

The club entertained a group of guests at the dinner and program which was under the direction of Mrs. Helen Calcaterra, toastmistress for the evening.

## The Star Welcomes

We are most happy to welcome more new families to Lincoln this morning — and we're delighted that the newcomers have arrived in time to sample some of Nebraska's best October weather — especially since many of our new neighbors have come from normally sunny climes.

The Tisdales — Maj. and Mrs. Pierre A., and their two children Ellen and David came from Texas where the Major was stationed at Randolph Field. We understand that the Tisdale family has become quite "proficient" at this business of moving, and have it down to a fine point — Maj., and Mrs. Tisdale claim no undue credit for this accomplishment — they both come from a long line of army families and moved here, there and everywhere during their lives. It appears that Miss Ellen, who is just five and who is getting her first sample of school at St. Teresa's, and the three year-old David, will have had enough experience to eventually handle any moving situation with the greatest of ease.

If you have ever wondered about life on Okinawa you might contact Capt. and Mrs. Richard E. Hyman who, with their son and daughter, Billy and Karen Sue, returned recently from a two years residence there. Right now Mrs. Hyman would like to be back on the island where \$12.50 a month paid for good, full time help, and where living

was comparatively simple. But, back in the States the Hymans tell us that they also like Lincoln very much, and that as soon as they are settled in their home at 934 So. 34th, and as soon as the Captain gets squared away at the Air Force base, they'll have time to look around a bit — and the Captain will have time for his favorite autumn sport, hunting.

The Leslie Browns — Capt. and Mrs., and their two sons, Larry and Lee, are finding the brisk temperatures a little different to Montgomery, Ala., where they formerly were stationed, but they seem to be taking it in their stride. The family is getting nicely settled into their new home a 445 No. 25th, and we wouldn't be at all surprised but what Capt. Brown's exceptional talent with power tools and wood work, will come in mighty handy for all of those extra cupboards and such that might be needed. Larry, we hear,

is in the sixth grade at Elliott School where he is showing Lee, who is getting his first taste of classroom education, the ropes.

A foursome of Southerners who brought their accents with them are M-Sgt. and Mrs. James V. Riherd, their son, Mike and their daughter, Susan. The Rihers came to Lincoln from California, but Sgt. Riherd originally comes from Delhart, Tex., and his wife from Savannah, Ga. Sgt. Riherd, by the way is a flight engineer, and is with the refueling branch of the air force. In addition to having all of the know-how about refueling planes in the air Sgt. Riherd also is a camera fan, and has high hopes that his six-year-old son will share his hobby.

## Extension Club Program

The Malcolm Extension Club members met at the home of Mrs. Clyde Behring last week when the lesson on entertaining and salad-making was given by Mrs. Behring and Mrs. Joyce Koontz.

Plans were discussed for taking part in a fund drive for the polio foundation, and a report on the state convention of Extension Clubs at Nebraska City was given by Mrs. Owen Perry. A program of music was presented by Mrs. Leonard Robotham.

Assisting Mrs. Behring as hostesses were Natal Clear and Wilda Sturdevant.

## Entertain At Tea

Mrs. James H. Looker, Mrs. Robert H. Harris' and Mrs. Henry E. Baumgarten entertained Tuesday afternoon at a tea held at the home of Mrs. Looker for the faculty wives of cemetery department.

Presiding at the tea table were Mrs. C. E. Hamilton and Mrs. T. J. Thompson.

Panelists Bounce In And Out, But Sam Sheppard Jury Is Filled For Fifth Time

CLEVELAND (INS) — The jury at the murder trial of Dr. Samuel Sheppard was filled for the fifth time Tuesday after panelists bounced in and out of the box like jumping jacks.

A panel of seven women and five men was completed when the second colored jurist — a 28-year-old unmarried elevator operator — was seated.

Miss Dorothy E. Lee, who works in a building across the street from the sombre courtroom, won a tentative place on the jury, replacing ousted juror number six, bachelor Melvin Holliday.

**Males, Females Same**

At the end of the second day of peremptory challenges, in which the state has used three and the defense two of the six each is allowed, the jury stood where it was last Friday night in male and female composition.

The defense tried to draw the line on Miss Lee on the ground that her father works for the uncle of Marilyn Sheppard, who was clubbed down in her bedroom in the pre-dawn darkness of July 4th.

Judge Edward Blythin overruled the objections, however, and she took her place in the panel with five mothers, two fathers, a childless elderly married woman, a college graduate, a timekeeper, and a hardware store manager.

Two men and a middle-aged woman were given their exit lines in the court drama Tuesday by state and defense "directors." They were succeeded on the "stage" by a sobbing middle-aged mother, a tool and die maker whose son is in the air force, and Miss Lee.

On the fourth time around in the jury merry-go-round, the jury was filled with six men and six women.

The state pushed out Holliday by using its third peremptory and he went back to his job as a photostat operator.

**Cookie Packer Cries**

The dramatic highlight of the day was the sobbing of Mrs. Genevieve S. Pelsey, a cookie packer and mother of a high school senior.

Before she took seat eleven she looked at the baby-faced defendant and began crying.

She asked to be excused but when she explained her outburst was due to the "ordeal" of the questioning she was given a seat — subject to possible later challenge.

Later in the day, Mrs. Pelsey fell in with the easing tension of the tiny courtroom. She slipped off her shoes as she lolled in the jury box watching a long parade of potential jurors fall by the wayside.

Seven gentlemen were rejected for various reasons until Miss Lee was tagged as a potential judge in the case of the people of Ohio vs. Sam Sheppard.

The doctor, who is accused of turning to murder after dabbling in sex, twiddled his thumbs, yawned and cleaned his finger nails as the day wore on.

He kept taking the "pulse" of the jurors, however. The balding osteopath constantly fed his ideas on whom the defense should challenge and slipped his lawyers questions to ask.

# Weaver, Morrison-- Candidates' Views Compared

This is another in The Lincoln Star's series of pre-election interviews with the candidates.)

Phil Weaver, Falls City Republican, and Frank Morrison, McCook Democrat, are vying for the House of Representatives seat from the First Congressional District formerly held by Carl Curtis.

Morrison, 49, an attorney, helped organize the first REA co-operative in the state. A native of Golden, Colo., he was graduated from Kansas State Agriculture College and the University of Nebraska College of Law.

Weaver, 39, a native of Falls City, is an automobile dealer. He is a graduate of the University of Nebraska and served as assistant to the Fifth Army personnel chief during World War II.

FRANK MORRISON

1. As a Congressman, what do you think is the most important single thing you could do to aid Nebraska's farm economy?

Morrison: Fight for new markets for more abundant production, so as to end the red tape of acreage controls which are wrecking the small farmer.

Weaver: To establish a practical method to constructively and constantly use our mounting and excessive farm surpluses, before the existence of these surpluses literally crushes the economic independence of the American farmer. Surplus is defined as that which remains after use or need is satisfied.

The word "surplus" is an unfortunate term because it indicates that our use or need for farm products is satisfied. Nothing could be further from the truth when one can accidentally discover undernourished children and adults in areas "stuffed full" with farm items in storage.

None of us admire a fellow who shouts "quits" just because the going is rough. One of my first acts as a Congressman would be to introduce legislation to create a "Farm Commodities Distribution Commission" whose principal objective will be to constructively use farm surpluses to the best of our economic ability here in America and in free countries of the world struggling to maintain the life of their people.

2. What are your basic views regarding a farm program? Do you believe in a fixed or flexible system of price supports? What parity percentage do you favor?

Morrison: Fight to end acreage control on Nebraska wheat. Nebraska produces high milling wheat of which there is no surplus. Increase markets through new industrial uses for corn and other products. Increase international trade, irrigation, flood control, conservation, public power and REA. Re-instate fixed price supports and tackle the job of new markets and better distribution. Flexible supports will not remedy a single farm problem. They will not reduce surpluses but will only reduce income.

Weaver: (See Answer 1.) I am for 90 per cent parity in normal times and 100 per cent of parity in depression or drought which are beyond the individual control of farmers.

3. How would you deal with the farm surplus problem?

Morrison: (See Answer 2.)  
Weaver: (See Answer 1.)

4. Do you believe there is too much disparity between the prices farmers receive for some of their products and the prices the consumer pays for these products? If yes is your answer, what would you do to remedy the situation?

Morrison: Yes. There is too much spread between what the farmer receives and what he buys. The remedy it seems to me is to reduce taxes and encourage more competition.

Weaver: This is like asking the question, do you not think the system of supply and demand is all wrong and that we should change from this system over to one of strict government controls?

Under the old "New Deal" the government killed pigs and cows. The government also destroyed crops. Under the new "Fair Deal" the government had controls and housewives commonly paid black-market prices to obtain essential items. Twenty years of new-fangled ideas has resulted in a "created" dilemma in 1954 that stumps all the so-called experts of both parties.

In America, we have the privilege of refraining from buying a product if it becomes too rich for our pockets and this lack of demand will eventually reduce the cost. No, I would not want again to experience a dictated fiscal policy of government that interferes with the natural law of supply and demand.

5. Do you favor private or public development of the nation's natural resources? Are you for or against the present administration's resources program?

Morrison: In general, I feel the natural resources of the country belong to the people and should be developed for the public good.

I am against the present administration's program of giving away our resources to a special few and to big monopolies.

The Dixon-Yates deal stinks. It is part of a pattern worse than Teapot Dome. The Tideland oil deal which gave away resources, which the Supreme Court said belonged to all of our people, for exploitation by a few contributed to our increase in taxes.

Weaver: (a) Private if economically possible and with restrictions to protect the public interest. (b) If government financial help is needed, the people who specifically receive the benefits should then share a reasonable proportion of the costs and (c) Where the benefits are not specific to any particular group, then the federal government should assume the financial burden.

The Eisenhower administration is required, from an economic standpoint alone, to complete projects started years ago and where millions had been expended under the Roosevelt and Truman administrations. This takes such a large amount of the reduced national budget each year that the Eisenhower administration has had little or limited opportunity to design its own resources program. The only Eisenhower policy is to plan for a total, not a partial, resource development program. This makes sense to me. To do otherwise would be like a plan to develop Lincoln where a store would be built at 10th and O and one at 17th and O, and no buildings, sidewalks or streets would be planned between the two points.

6. Do you favor private or public development of atomic energy or both? Are you for or against the present administration's atomic energy development policies?

Morrison: I favor public development of atomic energy for the public good. This is too great a power for building good in the world to be turned over to private power companies. It was developed at public expense. The public should receive the benefits from their investment.

Weaver: (a) Had the government restricted private groups from development of electrical energy, the progress of this nation in development would be similar to the situation found in most foreign countries. I am for private and public development of atomic energy. With this approach we can and will beat the Russians in this deadly race, using our free enterprises and free labor forces that have yet to come in second when there is a real challenge.

(b) I don't believe that you nor I know what is the policy of the Eisenhower Administration in the development of atomic energy. I believe you will find this subject restricted on an over-all basis.

Our government has always turned to free enterprise during times of actual war or dire threat to invent, create and produce products and items of defense. This policy has always paid off even when a late start in World War II resulted in "too little and too late" for many months even though orders were placed on a cost plus basis which resulted in excessive costs. The administration's atomic energy policy is only recognizing our past mistakes and that in the next conflict, America will have no time to convert atomic development from a possible stagnate government program to a free enterprise program.

7. Do you favor increased appropriations for Missouri Basin development? Are you satisfied with the so-called Pick-Sloan plan?

Morrison: I favor increased development of the Missouri Basin. We need more adequate appropriations for full utilization of our water resources. Floods destroy more wealth than the cost of controlling them. We need more integration of effort to check the run-off water and hold it as near as possible to the point where it falls. We are making progress, but we need more integration and streamlining of effort from the soil conservation program through the Bureau of Reclamation.

Weaver: A number of the large multi-purpose dams will soon be completed. Until they are completed, I would be for stepping up the completion date so that we could realize the benefits at an earlier date. After the more expensive and vital projects are completed, expenditures should be proportionately reduced so as to make possible a reduction in federal taxes.

(b) I believe the Pick-Sloan plan is the best engineering plan thus far developed to attain the objective of the 1944 Flood Control Act. The development of power, the irrigation of land, the control of

floods and the development of recreational areas are mostly engineering problems. Political philosophies and federal control over the resources are non-essential to development and the enjoyment of the benefits from resource development.

8. Do you believe revisions of the Taft-Hartley law are necessary? If so, what revisions would you favor?

Morrison: I believe there should be revisions in the Taft-Hartley law. We need improved labor relation ships. It should not be a political football. We must be fair to both labor and management. It is a national problem which must be dealt with on a national basis. The use of the injunction process should be limited.

Weaver: There is no compelling reason to undo the major work of one of America's most conscientious leaders, Sen. Robert Taft. It has worked to the satisfaction of men and women in unions, non-union people, management and government. I would be against crippling amendments but would like to find a way for more rapid settlement of labor disputes.

9. Do you believe the small taxpayer is entitled to more relief than he has thus far received? Are you satisfied with the tax bill rewritten by the 83rd Congress as a permanent tax program for the American people?

Morrison: I believe the small taxpayer is entitled to relief. I am not satisfied with the tax bill written by the last Congress. It gives great relief to the large taxpayer and little to the small taxpayer. I believe the dependency allowance on the income tax should be increased from \$600 to \$800 to give the average person increased money, free from taxes, to spend for living expenses.

Weaver: I don't believe in a policy of "sock the small taxpayer" any more than I do in "socking the rich." The 83rd Congress wrote a tax bill that permits corporations to have some profit left after taxes, to employ small taxpayers in the future for the development and growth of business of America and a greater development of our way of life. The policy of the Eisenhower administration guarantees our American way of life without destroying like opportunity for future generations.

10. Are you for an increase or a decrease in expenditures for the nation's defenses?

Morrison: Defense expenditures should be cut as soon, and as much, as is compatible with national security. We cannot be weakened except through a general reduction of arms by international agreement in which Russia and the Communist nations participate. It seems to me, we should seize the international peace offense and demand that Russia consent to international reduction of arms with foolproof inspection to enforce it.

Weaver: To answer this question with a "yes" or "no" would show immaturity and lack of judgment. Expenditures for defense should be determined on basis of need and military activity of known enemies. This restricted information is given to proper committees of the Congress, and as a candidate. I have no more knowledge of need than any member of the public. I will say that I'm for any necessary expenditure to protect America against aggression. This is why we should (1) stop the policy of deficit financing, (2) reduce our taxes as soon as possible and (3) rebuild our financial reserves and develop a strong economic America without the aid of "blood" dollars earned because our nation is in a war.

11. Do you believe Sen. McCarthy has been a hindrance or a help in fighting Communism?

Morrison: The great fight against Communism has been done by Intelligence and the Justice Department. I know of no Communists that have been convicted as a result of the McCarthy hearings. It seems to me that this is mostly political publicity. There may have been some value to drawing public attention to the problem. My best information is that McCarthy has neither materially helped nor hindered the hunt for Communist evidence.

Weaver: McCarthy has been a help. No longer do those in high government office refer to Communist infiltration into our government, as a "red herring." The Department of Justice, the FBI, the Congress and the executive branch of government are now all actively fighting Communism and after years of inactivity, this is most reassuring.

I disagree with McCarthy on his ruthless procedures and the astonishing arrogance of his staff members. I do not, however, deny him the credit he should have. Communists in government do not go around wearing a sign saying, "I'm a Communist." It takes a lot of investigating to find them, and it is no more pleasant than squeezing the trigger that releases a bullet that kills an enemy of our country when in "conflict."

12. Do you favor statehood for Hawaii? Do you favor statehood for Alaska? Should statehood for each be considered separately or together?

Morrison: My information leads me to the conclusion that state-

PHIL WEAVER

hood for Alaska and Hawaii should be granted. I believe they should be considered on their merits separately as general policy, but in this case, my present feeling is that both should be admitted.

Weaver: No particular opinion. Testimony given before committees of Congress would be the determining factor as to my support or opposition. I would like to know, for instance, how much it would cost the taxpayers of the 48 states to grant statehood to Hawaii and Alaska.

13. Do you believe it is necessary to protect American industry by use of a high tariff? Explain your

position on reciprocal trade agreements.

Morrison: Our industrial system has grown up under a high tariff policy and this cannot be reversed overnight. We must work toward reciprocal trade. If Nebraska agriculture is to prosper, we must have new world markets.

Weaver: I would be against any move that would harm the American laborer, farmer or businessman. Before we remove our tariffs, other countries should remove their tariffs against our American products. The same reasoning goes for reciprocal trade agreements.

14. What is your position on foreign aid. Do you favor cutting off foreign aid to countries trading with Communist countries? Or trading with neutral countries?

Morrison: So far as our government giving outright gifts to other governments, I believe this policy should be discontinued as fast as possible and international trade substituted. What the world needs is more trade and fewer political gifts. I believe outright aid should not only be discontinued as to countries trading with the Communists but with all countries.

Weaver: As America represents a small percentage of the world's population, we need allies. To stop co-operation would be stupid. But co-operation does not mean unnecessary and foolish spending and unlimited giveaways. (b) Non-military items, yes. (c) Non-military items, yes.

## Now the brightest floors are never washed!

**Bruce Cleaning Wax gets them sparkling clean as you wax!**

You'll never know how bright your wood floors can be as long as soap and water washing dulls their natural beauty.

That's why Bruce, the world's largest maker of hardwood floors, perfected wonderful new Bruce Cleaning Wax. It dry-cleans floors actually cleaner than any washing, and leaves a deep, rich coat of fine wax protection that keeps its gleaming lustre through months of wear. All in one neat and easy operation.

Try Bruce Cleaning Wax, using the long-handled Bruce Doozit to do the entire job standing up. Or just use an ordinary cloth. Either way, the very first time will show you what a beautiful difference Bruce Cleaning Wax can make—or your money back.

also—try Bruce Floor Cleaner with lighter wax base for linoleum. Some prefer it for wood floors too.

# DECISION ON A'S SEEN THURSDAY

## Injured Bob Wagner Misses Drill; Missouri One-Touchdown Favorite

By DON BRYANT  
Sports Editor, The Star

Guard Bob Wagner was the only Husker missing Tuesday's lengthy scrimmage as Coach Bill Glassford began laying the groundwork for what he hopes will be Nebraska's second consecutive upset.

Missouri will be the guest at Memorial Stadium and will probably rate a one-touchdown favorite at least, so the Cornhuskers will be trying to pull the rug from under the Tigers in the same fashion as the trick was performed against Colorado.

Wagner, rapidly developing into an outstanding guard, suffered a leg contusion at Boulder and has had to take it easy this week, but he is expected to be ready for the Missouri game.

Since the Tigers throw a lot of passes—and well, too—Glassford devoted quite a spell to the Huskers' aerial defense Tuesday, in addition to the offensive and defensive scrimmage.

Preparing a defense for Missouri will be a bit simpler than building a way to stop Colorado was last week. The Tigers run from a Split T, which the Huskers have faced against Minnesota and Kansas State. Oregon State and Iowa State used T plays, also, while the Buffs were strictly single wing.

"We know where we're going this week better than we did last week, but our big job is gauging our defense to meet with Missouri's personnel," Glassford said. "They are not only big, but they have good speed."

Jim Murphy moved up from the second quarter unit to fill Wagner's spot in Tuesday's workout, while Rex Fischer was working with the No. 3 backfield.

Fischer, back in action after sitting out the first half of the season with a leg injury, was alternating with Don Margheim and Gordon Englert at the third unit quarterback squad. The other members of the backfield included Halfbacks Dirkes Rolston and Harry Johnson and Fullback Sylvester Harris.

### Scouts Out

Fresh Coach Bob Faris will scout Kansas against Kansas State at Manhattan Saturday.

while Asst. Coach Don Strasheim will chart Pittsburgh against West Virginia at Morgantown, W.Va.

The Huskers meet Kansas at Lawrence a week from Saturday and then host the Panthers in the Homecoming game Nov. 13.

### Calliope Rally

Something new has been added for the rally-parade Friday night which will usher in the Missouri-Nebraska football game.

Calliope music will add zip to the proceedings, starting at 6:40 p.m. in front of the John K. Selleck Quadrangle. W. P. Ackerman of Sidney, composer of "Hail Nebraska," will be at the calliope's keys. Although Ackerman owns his own calliope, he'll be using the one belonging to the Sesostri Temple of the Shrine Friday night.

### Basketball Next

Varsity and freshman basketball practice gets underway at the University of Nebraska next Monday, Nov. 1. Jerry Bush, new Husker cage coach, has arranged the workouts so that he can work with both groups. The frosh will drill at 4 p.m., while the varsity will work at 7 p.m.

### Bleacher Seats Left

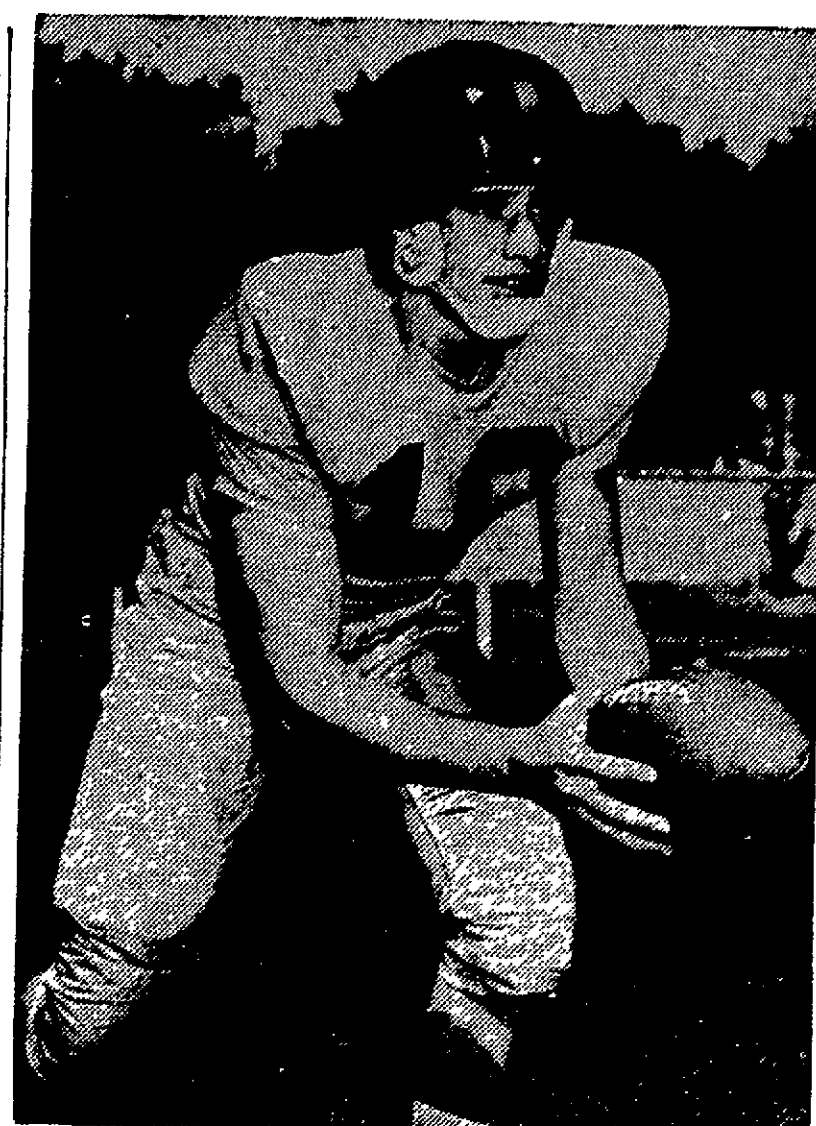

Four thousand bleacher seats are all that remain for the Missouri-Nebraska game Saturday, according to A. J. Lewandowski, NU ticket manager. The duets, which can be obtained either by mail or at the office, are \$2 each.

### Fathers, Sons

### Hear Bill Orwig

Athletic Director Bill Orwig of the University of Nebraska was principal speaker Tuesday night at a father-son banquet at the East Lincoln Christian Church.

Two hundred-fifty parents and boys attended.

### Veteran Tiger Quarterback

Tony Scardino, 21-year-old senior and three-year letterman at the University of Missouri football team, adds depth to the Tigers' quarterback corps. He is currently running behind Vic Eaton, but his clever ball handling and top passing make Missouri's offense a game-long threat. Tony weighs 177, stands 5-10 and wears No. 10 on his jersey. (Photo Special To The Star)

## Whispers Of Rose Bowl Are Heard At Michigan

By JOE FALLS

ANN ARBOR, Mich. (AP)—No, you really couldn't call it a fever, more like a mild temperature, but nevertheless there are hopeful whispers around the Michigan campus of a trip to the Rose Bowl.

The Wolverines, considered a mere also-ran before the start of the season, suddenly—and without warning—have become the surprise team of the Big Ten. Everybody is puzzled by it—even Coach Bennie Oosterbaan.

After Saturday's shocking 34-0 victory over unbeaten Minnesota, Oosterbaan shook his head in wonderment and said:

"It was our best game of the year, but don't ask me why we reached such a peak. I don't think the boys could get that hot."

Neither, it seems, did Minnesota. Or Iowa. Both came to Ann Arbor with proud national rankings, only to have them smashed by the underrated Wolverines.

Stopped Hawkeyes' Drive  
Three weeks ago, Iowa went into the Michigan stadium with a 2-0 record and a No. 4 ranking among the nation's football elite. The "new" Hawkeyes were making gestures of overrunning the Big Ten.

But Michigan, after giving up two gift touchdowns, bullied Iowa for the final 52 minutes and pulled a 14-13 upset.

There followed a 7-0 squeak against Northwestern (Michigan was thoroughly outplayed in this one) and Saturday's complete rout of eighth-ranked Minnesota, which never crossed the Wolverines' 25-yard line.

This spurt has given Michigan a 3-0 record in conference play, leaving the Wolverines a half-game behind Ohio State (4-0) and setting up a possible showdown meeting in Columbus on Nov. 20.

Michigan, which has a season's mark of 4-1, has been a team of intrigue. It has used three quarterbacks—Duncan McDonald, Jim Maddock and, now, Lou Baldacci—and it has all but junked this new-fangled T-formation and has returned to the old Michigan singling, a formation based on raw running power. The sole loss was to Army, 26-7.

The Wolverines have been handicapped by injuries to Ron Kramer, an elusive end with the gift of grab, and halfback Tony Branoff, considered the finest runner on the team. Baldacci, who has moved from fullback back to quarterback, has been hindered by a stomach ailment.

### Lincoln Dog Defeated

From Press Dispatches  
ABILENE, Kan.—Ura Honey, owned by W. K. Pease, Lincoln, was defeated in futurity consolation competition of the National Fall Futurity of the National Coursing Association here Tuesday.

The Lincoln dog was defeated by Farn Swift, owned by A. B. Crumpton, Dallas, Tex. Sultan's Trixie, owned by Milford Fowler, Stapleton, Neb., was defeated by Wild Bill Cody, owned by W. D. Viola, Abilene.

## American League Sets Meet; Rumors Fly Thick And Fast

By RALPH BERNSTEIN

PHILADELPHIA (AP)—The eight-man Philadelphia syndicate seeking to purchase the Philadelphia Athletics should learn Thursday if its bid has succeeded or failed.

President Will Harridge of the American Leagues announced Tuesday that club owners would meet at the Waldorf Astoria Hotel in New York at 9:30 a.m. CST to consider the sale of the Philadelphia club stock.

Roy Mack, who is representing his family in the sale, will be on hand presumably to ask the league to approve the sale of the franchise to the prominent Philadelphia.

Just what will happen at the league meeting Thursday, not even a Philadelphia lawyer was prepared to say.

Several of the lawyers involved in a proposed sale of the A's to an eight-man Philadelphia syndicate — and they outnumbered the would-be owners — said they don't know what to think. Or at least they weren't saying so if they did know.

Everybody connected with the deal sat back and waited. All sources here agreed that the next move is up to the American League and its president, Will Harridge.

The contract of sale is signed, so they say. The purchase money is in escrow in a midtown bank, so they say.

Nobody doubts that all this is true, but the complexion of this story has changed so often that observers are beginning to wonder if they can tell black from white even when they see it.

### Baltimore Rumor

The latest rumor, fresh in from Baltimore, said that the A's are again headed toward Kansas City. Sports Editor Jesse A. Linticum of the Baltimore Sun wrote Tuesday that "Roy Mack is reported to be backing out of the deal to sell the A's franchise to an eight-man group Philadelphia syndicate."

Linticum quoted a reliable source which he did not name. "According to reliable information," wrote Linticum, "Kansas City seem certain now to get the franchise. The situation is in such a state of chaos at this stage that Harridge may step in within 24 hours and call the hands of all concerned."

Mack didn't offer any comment; attorneys for the Philadelphia syndicate merely shrugged, said nothing.

If Harridge doesn't step in and make a decision, the Philadelphia group will be on the spot. Unless the American League approved the local syndicate by 3 p.m. Friday, the contract of sale to the Philadelphia syndicate goes out the window. Roy Mack can either grant another extension of time or go back to Arnold Johnson, the Chicago businessman who wants to take the A's to Kansas City.

Samuel A. Blank, chief counsel for the syndicate, said only that the contract was "a standard agreement for one group to buy stock from another group. There's nothing confusing about it and certainly nothing in it that should hold up approval by the league."

Blair Battles  
Perez To Draw  
BOSTON (AP)—Jackie Blair, 134½, of Dallas, Tex., used a smashing straight right hand to battle heavily-favored Lulu Perez, 131, of Brooklyn, to a 10-round draw Tuesday night in the feature boxing bout at the Arena.

Blair started bombarding the heavily-ranked Brooklyn featherweight with straight rights in the third round and found his target with that favorite wallop almost at will the rest of the way. There were no knockdowns.

Perez showed more speed and landed well with left hooks, but the Texan paced himself and varied his attack occasionally with a good left hook of his own.

Blair was bleeding from a cut under the right eye from the third round and also suffered a slight cut at the outer edge of his left eye in the fifth. Neither of the cuts bothered him, however.

Perez, who built up an early lead and then was puzzled by Blair's coolness and steady right-hand smashes, was buckled by a right to the face in the sixth, but fought back strongly.

Dee Haas Out At  
Sioux City High  
De Haas, Northeast back who is slowed by a sprained ankle, will miss the Sioux City East game in Sioux City Thursday. Coach Bun Galloway of the Rockets announced Tuesday.

Galloway said the ankle which is badly swollen, is coming along but that he will not use Haas against the undefeated East club.

Northeast has one more game following the Sioux City clash. The Rockets close against Lincoln next Friday.

## Hal Easterwood Named Top Lineman For Week

By THE ASSOCIATED PRESS

Hal Easterwood, Mississippi State's center who apparently takes special pride in dumping Alabama players for losses, earned the designation as Associated Press Lineman of the Week for his terrific defensive play against the Crimson Tide last Saturday.

Easterwood, 21, who played a great game when Mississippi State tied Alabama a year ago, was even better as he engineered a 12-7 upset victory last week.

For that performance, sports writers and broadcasters singled him out ahead of Ohio State end Dean Dugger, who did an outstanding all-around job in the big game against Wisconsin, Baylor tackle James Ray Smith and a flock of other linemen.

### Rolls Back Tide

Easterwood, a 190-pound senior, stopped Alabama 3 times inside the 20-yard line to clinch State's first triumph over the Tide in 13 years. He threw "Bama" quarterback Albert Elmore for losses almost as often as Elmore threw the ball.

In the first quarter, favored Alabama reached the State 26 only to have Easterwood knife through to throw Elmore for a 12-yard loss. Alabama came back to the Mississippi State 10 and stalled there when Easterwood stopped two running plays.

Easterwood did it again in the third period when he dropped Elmore for an 11-yard loss after Alabama had reached the 20, and in the final period, with the ball on the State 16, the speedy center nailed Elmore 7 yards back to check the final threat.

Sports Editor Carl Walters of the Jackson, Miss., Daily News, recommending Easterwood "without reservation" said: "He was in on 80 per cent of his team's tackles. Also he is a great leader and inspired his mates to turn in one of the season's biggest upset wins."

### Lodgepole Season Ends With Loss

LODGEPOLE (AP)—Lodgepole ended its football season here Tuesday by absorbing a 57-20 defeat at the hands of Paxton—but got a measure of satisfaction through the passing of junior Bob Penker.

Penker tossed four touchdown passes. He has a season record of 25 scoring passes which Lodgepole coaches said they believe is a new season record for six-man football in Nebraska.

Lodgepole had a 6-2 season and won the Lodgepole Valley conference title. Both defeats were in non-conference games.

### Little Links Win

Lincoln Star Special  
GRAND ISLAND—Lincoln High Reserves scored twice in the second half here Tuesday night to defeat the Grand Island Reserves, 20-13.

Paul Lewis, Don Davis and Bob Sheidt scored the touchdowns for Lincoln. Sheidt's came on a blocked Grand Island punt, the other two got over from ten yards out.

The score at halftime was 7-7.

Bellevue and College View, each with one football victory this fall, will clash at The Oval tonight at 7:30.

The Chieftan-Viewman game is the only prep action in town tonight.

Coach Dean Miller's Bellevue club defeated Valley, 13-12, early in the season while Coach Tom Gillaspie's College View squad edged Wilber last week, 19-18, for Victory No. 1 this season.

The only common rival of the two was Wahoo. College View fell in a 7-0 game which was never completed following a muddy first half.

Bellevue lost to Wahoo last week, 15-13.

Gillaspie, sending his lads in search of their first home victory, will start Rich Madden and Bob Erickson as ends, Don Crawford and Harland Mook as tackles, Don Wright and Gene Reed as guards and Jim Dill as center.

Jack Harvey, Louie Brown, Lynn Hatcher and Larry Epp are set to go in the backfield.

Brother, you never had it so mild!

**POINT BLANK**  
By Don Bryant  
Sports Editor, The Star

One of the impressive things about the Nebraska football team is that it seems to be getting instruction, absorbing the instruction and improving.

In the Colorado game the only lesson that wasn't properly prepared was the one on catching punts in the end zone and running out. Bill Glassford gave a stern lecture on this phase of the game after it was tried in the Minnesota game, but in the excitement of the Boulder romp, a fine Husker footballer, Denny Korinek, momentarily forgot his homework.

But it didn't matter because a Colorado back, Homer Jenkins, shortly after seeing the same maneuver put Nebraska in a hole, made the very same mistake. Chances are neither of the players will try the trick again.

On all other Cornhusker fronts things seem to be shaping up in fine fashion. Particularly pleasing is the progress made by the sophomore players on the squad. It has been this factor, plus the surprising desire to outdo their expected ability by the veteran players that has accounted for the Huskers' success to date.

Such fellows as Charlie Bryant, Don Glantz, Bill Holloran and Bob Wagner—only partially seasoned after last year—have had to step fast and furious to keep ahead of the rapidly improving underclassmen and as a result have performed well above expectations.

And prior to the season the big question was the quarterback. It looks now as if that position is pretty well taken care of by Dan Brown and Don Erway, with a third fellow, Rex Fischer, available to provide assistance at any time.

Brown, after being overshadowed a bit by Erway in the first three games—due to the offensive success of the No. 2 unit—has in the last two ball games given outstanding performance. In the Colorado game both boys had their best days as Huskers and the future looks much better if the pair continues the present pace.

Considering that neither Brown nor Erway were veterans at the start of the season (Brown was

hampered most of last year by an illness and saw little action, while Erway is a soph) you get an idea of the improvement that has been made.

And you get a pretty fair picture of coaching strategy in the way the two boys have come along. Rather than put Erway in as No. 1 quarterback as a sophomore and take a chance on having him have a bad day and lose confidence in himself, Glassford has had him play half the game as the No. 2 man.

Erway gets to play as much as Brown, but he has been getting in the game after it has started and the pressure is eased somewhat. By a slow process of seasoning, the soph flash has gained valuable experience and poise—enough so that Glassford had confidence enough in the Lincoln lad to rush him in to punt from the end zone against the Buffs. And Don responded with a 65-yard boot.

By bringing Brown and Erway along slowly, the Husker coaches have been able to reach the middle of the season with a 3-2 record and can attack the meat end of the season with two No. 1 quarterbacks.

The same can apply to the units. Competition has developed great spirit on the club and in reality the Huskers can field two nearly-equal units, both capable of playing pretty fair football.

And as one member of the "Second Unit" remarked at Boulder about Bill Giles being given a starting assignment against the Buffs:

"Bill got demoted to the first team."

In our book, the Huskers have demonstrated that the No. 1 and No. 2 teams are mere designations for the sake of clarity. There are really 22 Cornhuskers on the first team.

# Sooners Tipped By Buckeyes

By JOHN CHANDLER  
The Associated Press

Ohio State, Oklahoma and UCLA ranked 1-2 Tuesday in the weekly Associated Press college football poll, and Coach Woody Hayes of the No. 1 team said "that's too bad."

Ohio State displaced Oklahoma, leader in the nationwide balloting for the last three weeks, jumping all the way from fourth place on the strength of a 31-14 victory over Wisconsin.

"I know everyone is talking about national ratings and Rose Bowl and all those things, but to us the season is merely half over," said Hayes. "That's how we look at it. Four important ones yet to go!"

The Ohio State coach infers that his team is right on the spot now. The Buckeyes meet Northwestern Saturday, and follow up with Pittsburgh, Purdue and Michigan.

A total of 214 sports writers and sportscasters voted in this week's poll, and Oklahoma received 74 first-place ballots, 10 more than Ohio State. The Buckeyes, however, got 69 second-place votes, 20 more than for Oklahoma.

**Buckeyes Shade Sooners**

On the basis of 10 points for first, 9 for second and on down the line, Ohio State ran up 1,858 points and Oklahoma totalled 1,834. UCLA, with 45 first-place votes, had 1,800 points, to retain third place.

The three leaders were far ahead of the fourth team, Arkansas, with 1,351 points. Arkansas jumped from seventh after knocking off previously unbeaten Mississippi 6-0.

The only explanation for Oklahoma's drop to the No. 2 spot was the fact the Sooners didn't sparkle in a 21-0 victory over Kansas State, while Ohio State was beating a team many thought might win the Big Ten crown. UCLA won its sixth straight by rocking Oregon State 61-0.

Army advanced to the No. 5 spot from ninth, and West Virginia jumped from 10th to seventh. Notre Dame is sixth, Wisconsin eighth, Purdue ninth, and Miami of Florida, 10th.

Ohio State is favored to defeat Northwestern. In other games for the leaders this Saturday Oklahoma plays Colorado, a Big Seven toughie; UCLA meets always-dangerous California; Arkansas plays Texas A.M.; Army tackles Virginia; Notre Dame takes on Navy; West Virginia may have trouble with Pitt; Wisconsin encounters Iowa; Purdue meets Illinois, and Miami plays Fordham.

The leading teams with first-place votes and season's record in parentheses (points based on 10 for first place, 9 for second, etc.).

1. Ohio State (61) (5-0)	1858
2. Oklahoma (32) (5-0)	1834
3. UCLA (45) (5-0)	1800
4. Arkansas (16) (5-0)	1351
5. Army (11) (4-1)	974
6. Notre Dame (11) (3-1)	727
7. W. Virginia (6) (4-0)	727
8. Wisconsin (4-1)	450
9. Purdue (21-1)	393
10. Miami (Fla.) (5) (5-0)	369

## Central 10 Go Seward

**Lincoln Star Special**

SEWARD — Strong Seward, champion of the Eastern Division of the Central Ten Conference, will play second-place Central City of the Western Division today in the biggest conference game of the week.

Seward has been tied by Wahoo while Central City has lost close games to Ord and Gothenburg.

The standings:

Eastern Division		Western Division	
Seward	W	Central City	W
York	L	Fullerton	L
Crete	T	Athens	L
David City	L	Aurora	L
Schuyler	L		

**Piersall Has Son**

BOSTON (AP)—Jim Piersall, Red Sox outfielder who has three daughters, became the father of his first boy Tuesday.

The future Red Sox "farmhand" was born at St. Elizabeth's Hospital and will be called Jim Jr.

# Bobcats Hope Return To Win Streak In Doane Go

**Lincoln Star Special**

PERU—The Peru State College Bobcats, who have been noted in recent seasons for their winning streak, will attempt this week to shake off an unwelcome new kind of streak by again breaking into the win column after two successive losses to NCC opponents.

Their foe will be Doane College, always a troublesome opponent for Peru, and the scene of the encounter will be at Heyward Park field in Nebraska City on Friday night.

After leading the nation with 26 consecutive wins the Bobcats were outpointed a week ago at Kearney with a 27-20 thumping and were shaded 15-13 by a hard charging Hastings crew Saturday night.

Last year's undefeated Bobcats were forced to come from behind with three fourth quarter touchdowns to defeat the Doane Tigers 27-19 in the 1953 meeting of the two teams.

**Two NCC Wins**

The Tigers to date boast only two conference wins, a 10-0 affair at the expense of Nebraska Wesleyan and 19-7 over Chadron State.

They did outpoint Midland College 21-6 in an early season game but later forfeited the contest when it was discovered an ineligible player had been used. The Tigers Saturday spotted the Kearney Antelopes 20 points in the first half then came back to baffle and outplay their opponents with an aerial circus in the final two quarters in a 20-7 defeat. Their other loss in conference play has been at the hands of the loop leading Hastings crew by a 33-12 score.

After winning from two non-league foes, the Bobcats tumbled Wayne State 20-14, Chadron 61-0

**42nd Contest**

The series with the Doane Tigers is one of the longest on the Peru record books, and one of the most even. Over the years the two schools have met on the gridiron 41 times with Peru winning 17, Doane 16 and eight contests have resulted in ties. Doane last turned back the Bobcats in 1949 with a 26-0 victory.

Scores throughout the series have generally been very close but the Tigers hold the record for the greatest winning margin with a 49-0 victory over Peru in 1913. Peru's greatest winning margin was a 34-7 spread achieved on two occasions, in 1941 and 1945.

**By RUSS NEWLAND**

SAN FRANCISCO (AP)—De' Flanagan of Minneapolis, No. 2 ranking welterweight contender, risks prestige here tonight in a 10-round bout with a comparatively unknown but clever boxer, Maurice Harper of Oakland.

The fight will be nationally televised from the Winterland Arena over CBS, starting at 7 p.m. PST. (9 p.m. CST).

**Diller Romps, 48-0**

**Lincoln Star Special**

DILLER—Dick Wolf romped for four touchdowns here Tuesday as Diller walloped Reynolds 48-0. Wolf's runs were for 34, 13, 8 and 68 yards. Larry Boggett added another TD and Lawrence scored another two.

Diller Reynolds 48-0  
Diller Reynolds 48-0  
Diller Reynolds 48-0

Flanagan is undefeated in his last 10 starts. The winning streak includes a victory over the new champion, Johnny Saxton.

The 26-year-old Minneapolis product is fast and shifty. He knows all the tricks of the trade. He has a record of 69 wins, 0 losses and 2 draws.

Harper, practically unheard of outside this area, is a 147-pound prospect considered here as capable of throwing the switch on Flanagan's title ambitions. He's a speedy puncher and a classy boxer.

In 24 fights, Harper has won 21 and lost 3. His ability attracted Manager Sid Flaherty and he now is in the same stable with the world's middleweight champion, Carl (Bobo) Olson.

Flaherty telephoned Jim Norris, president of the International Boxing Club, he was ready to guarantee champion Saxton \$50,000 to defend his title against Harper.

A win over Flanagan for Harper will project him into the national picture as a contender. Flanagan, the No. 2 man in the ratings, is expected to have to go all out to maintain his position.

# Prep Tries Benson In Top Game

By BILL FITZGERALD  
Star Sports Staff Member

Nebraska prep football does a split this week when big games are scheduled both today and Friday because of the state teachers' convention.

Creighton Prep and Benson meet in Omaha tonight in a game with state championship significance. Both are undefeated, Prep tied with Lincoln High for the top spot in the Class A field and the Bunies holding the third position.

Benson is noted for a durable defense but is picked to drop this one before a better-balanced Prep team which can score on the ground or through the air with Quarterback Mike Dugan throwing the ball.

Beatrice will be at Hastings in search of another victory to add to the excellent Oranegen record. If Coach Chick Knight's boys get past the Tigers—and they figure as favorites—they should complete the season with only a first-game loss to mark them.

Tecumseh, one of the best in Class B, goes to Auburn where the Chiefs are stronger than in many years. Auburn almost stopped Class A Falls City last week but is picked to fall before the quick Indians.

Central City is host to Seward in the best game of the day between two Class B schools. Central City has had a fine year but is about one touchdown below Seward.

In other games Wahoo is tabbed over Asland and undefeated Callaway over Comstock; Crete figures over Schuyler, Falls City over Omaha Cathedral, Oakland over Scribner, Loup City over Ravenna and Hebron over Friend.

Guide Rock should handle Edgar, Syracuse gets a nod over Waverly and Geneva should finish in style against Superior.

The schedule:

Aurora	at Albion	11-Man
Beaver City	at Arapahoe	
Asland	at Wahoo	
Tecumseh	at Auburn	
Beatrice	at Hastings	
Plattsmouth	at Blair	
Comstock	at Callaway	
Schuyler	at Crete	
Davenport	at Wilber	
David City	at Fullerton	
Guide Rock	at Edgar	
Newman Grove	at Ewing	
Falls City	at Omaha Cathedral	
Friend	at Hebron	
Geneva	at Superior	
Woods River	at Gibbon	
Bellevue	at College View	
Loup City	at Ravenna	
Shenandoah, Ia.	at Nebraska City	
Oakland	at Scribner	
Omaha Benson	at Creighton Prep	
Silver Creek	at Osceola	
Alma	at Red Cloud	
Valentine	at Rudwick	
Waverly	at Syracuse	
Davenport	at Wilber	
Pawnee City	at Wynote	
Rushlin	at Alexandria	
Bellevue	at Rising City	
Elkhorn	at Blue Springs	
Corland	at Plymouth	
Trumbull	at DeWitt	
Dunbar	at Dominhan	
Shickley	at Fairview	
Falls City Sacred Heart	at Honey Creek	
Filler	at Odell	
Shelby	at Gresham	
St. Edward	at Leitch	
Exeter	at McGool Junction	
Alvo	at Nehawka	
Nemaha	at Union	

## Elmwood, Eagle Meet For Title

Lincoln Star Special  
AVOCA—Elmwood is at Eagle today for the 6-man football game which will decide the Cass County Conference championship.

It is the final conference game for each team.  
Last week Eagle beat Benet 22-18 and Union defeated Nehawka 72-24.

Conference standings:

Apple Bowl Game  
Off This Year

## Apple Bowl Game Off This Year

NEBRASKA CITY—The annual Apple Bowl 6-man football game held here will not be played this fall according to Bowl officials.

The inability of the Bowl committee to find an opponent considered capable of opposing undefeated Sterling High was stated as the reason for the elimination of the game.

It was added that there will be a game in 1955.

## Fairbury Queen Candidates

Nominated as candidates for Homecoming Queen by the student body of Fairbury Junior College are (left to right) "San-

dy" Fletcher, Fairbury Donna Schuster, Virginia; Shirley Eastwood, Liberty, Kansas, and Mary Ann Burda, Daykin. Pre-

sentation of the winner will be made at the Homecoming game, Nov. 5, when Fairbury plays Norfolk Junior College. (Photo Special to The Star.)

## 25 Prep Schools In Cross Country

Twenty-five Nebraska high schools will compete Saturday in the two-mile cross-country run, Jerry Lee, University of Nebraska track coach, announced Tuesday.

It is the first time a fall run has been held for the prep distance runners.

The entries:  
Aurora—Don Foster, Earl Jensen, Jim Killian, Ron Wilson.  
Beatrice—Eldon Brownwell, Jim Parrish, Bill Sheld, John Williams.  
Bellevue—Barton Campbell, Al Ellersbrook, Darre Freeland, George Thompson.  
Omaha Benson—John Banister, Paul Crain, John O'Flynn, Tim O'Flynn.  
Bis Spring—Mike Turpin.  
Boys Town—Glad Elliott, George Hodges.  
Pete Kerr, Vernon Morgan.  
Columbus—Dick Broderick, Bud Plantz.  
Don Slickner, Dick Whitecomb.  
Elmwood—Elmer Mueller.

Grand Island—John Banks, Don Ever-  
soll.  
Hastings—Al Pounds, Lon Powell, J. D. Schaefer, Neil Whitman.  
Hastings St. Cecilia—Larry Thornburg.  
Kearney—Eusebio Carranza, Dale Har-  
sin, Roger Lawson, Junior Seldar.  
Lincoln High—George Porter, Carl True.  
Northeast—Dan Dean, Jim Foley, George Holston, Bill Sabin, Gene Samuelson.  
North Bend—Keith Dvorak, Tom Wil-  
hugen.  
Omaha Central—Mike Gray.  
Plattsmouth—Bob Carr, John England, Mel Hascher.  
Polk—Jerry King, Jack Larkin.  
Sheldon—Fred Bias, Jim Novotne, Car-  
old Resh.  
Socorro—Martell — Bob Gelka, Dwight Schell, Leland Sullivan.  
Valentine—Harold Carrier, Ted Klus.  
Village—Randell Kelams, Marvin Motek.  
Jerry Otto, Gary Thompson.  
Wahoo—Gary Doull.  
Waverly—Jerry Ford, Darrell Haseman.  
West Smoot, Jack Tru.  
College View—Dan Duff, LaVerne Allen, Jim McDonald.

# Loup City Ends Cited As Week's Stars

By BILL FITZGERALD  
Star Sports Staff Member

Bob Slocum and Mel Piontowski, Loup City High ends, double at the head of The Star's Star of the Week parade today because of their performances against Broken Bow last Friday.

Seniors Slocum (6-1) and 160 pounds) and Piontowski (6-4 and 227) played the granite role on the Red Raider one-foot line in the fourth quarter when the Bow was repulsed by a goal-line stand.

Earlier big Mel caught a pass and eluded three B.B. tacklers who had clean shots at him as he rambled 60 yards down the field.

Both were cited by Coach Joe Simanek as sound ball players who have played well during another satisfactory Loup City season.

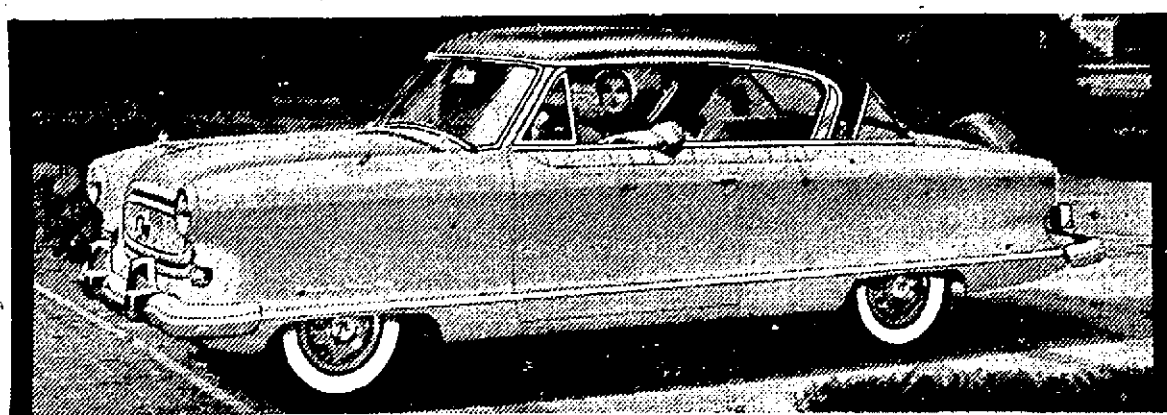

Among the other lights shining across the Nebraska prairies last week were:

Dale Draper, Union—He scored 41 points in a victory over Nehawka.  
Dick Graves, Peru Prep—This junior back carried a kickoff 95 yards to score against Tarkio, Mo.  
Larry Holstad, Waverly—This v-a-c-k scored three times in a win over Hartington High.  
Lloyd Pittam, Chappell—The leading scorer for this team, he bucked for heavy yardage against Imperial.  
Larry Jacobson, Homer—He ran 40 yards for one TD and plunked for the

winning score in the final minute against Pender.  
Gene McCannan and Don Jones, Chadron High—They led the line as Chadron stayed undefeated at Hemingford.  
Larry Liberty, Nemaha—This noted half-back scored three times against Bur-  
chard.  
Lee Milhollin, Bridgeport—This line-  
backer was cited by Coach Carl McManus of Gering for his work against the Mc-  
Manus team.  
Jerry Mund, Beatrice—The big tailback was tough against Fremont, scoring all  
Beatrice points as the Oranegen won  
again.  
Mel Dohrman, Kearney—Called the best  
back in the central state area, Dohrman ex-  
ploded against Alliance and led Kearney  
to an important victory.

Now you can protect your car  
against both friction and acid—the  
two major causes of engine wear

# NEW CONOCO Super MOTOR OIL America's First Double-Duty Oil!

Protection 1

**OIL-PLATING\***

conquers friction wear . . .  
because this exclusive discov-  
ery actually fastens a thin film  
of lubricant to moving engine  
parts for full-time protection.

Protection 2

**ACID-PROOFING**

conquers corrosive wear . . .  
because this exclusive new dis-  
covery gives Conoco Super up  
to twice the cleansing power  
of other premium oils!

Automotive engineers have long known that friction and corrosion are the two major causes of engine wear. Now, from the laboratories of Continental Oil, comes America's first Double-Duty motor oil. It combines two exclusive discoveries (Oil-Plating and Acid-Proofing)\* to conquer both major causes of engine wear.

The unique Oil-Plating additive conquers friction wear by actually fastening a thin film of protective oil to engine parts. Unlike ordinary motor oil, this film won't drain down even when your engine has been stopped overnight. Thus you get full-time protection against damaging wear due to friction.

Exclusive Acid-Proofing additive conquers corrosive wear three ways—it neutralizes acids, prevents rust, and gobbles up tiny particles of dust, dirt, and water and seals them safely in spheres of oil until the oil is drained. ACID-PROOFING actually gives new Conoco Super twice the cleansing power of other premium oils!

New Conoco Super Motor Oil is on sale at Conoco dealers everywhere. Drive in and ask for it today!

Your Conoco dealer will recommend the right grade of new Conoco Super Motor Oil for your car, your climate, your driving conditions.

# Feb. 8 School Bond Election Approved By Board Of Education

By BILL DOBLER  
Star Staff Writer

A special election Feb. 8 to vote on the proposed issuance of \$10.5 million in school bonds has been approved by the Lincoln Board of Education.

## MRS. STAMPSAVER SEZ:

"Shopping with Community Savings Stamp books is just like shopping with dollars! You have such a selection!"

You are unlimited in premium selection with Community Savings Stamps, because every merchant who gives them also redeems them. Each filled book is worth \$2.50 in merchandise, or \$2.00 in cash.

**COMMUNITY SAVINGS STAMP CO.**  
238 North 13th Street  
Lincoln, Nebraska

Superintendent of Schools Steven N. Watkins stated a big educational job was ahead for the Board but added there was no alternative.

"These are not the board's schools or mine that we want to build," Dr. Watkins noted, "but are for the children in the Lincoln school district. All we can do is lay the facts before the voters."

These are facts like a predicted total enrollment in the Lincoln

schools of 22,983 students in 1959. Total enrollment this year is 17,372.

**Classrooms Overcrowded**  
Facts also, like overcrowded classrooms today in spite of more than \$6 million spent on school construction in the past several years.

Part of Lincoln's problem is shown by the fact that Lincoln's per cent of population of school age is much higher than the national average. In the kindergarten through sixth grade age group, Lincoln's average is 21 per cent while nationally the figure is 9 per cent.

On the seventh through ninth grade age group, Lincoln's per cent is 16 compared to 7 nationally. In the 10th to 12th grade age group, the Lincoln per cent is 10 and the national 4.

60% Local  
According to Dr. Watkins, an approximate 6,000 increase in enrollments would call for at least 300 new classrooms. The predicted, 22,983 enrollment in 1959 excludes Air Base children.

Approximately 60 per cent of the growth problem is Lincoln itself, Dr. Watkins stated, while the other 40 per cent is Air Base expansion.

The total actual Lincoln school

district enrollment for the past four years is as follows:

Year	Elementary Jr. High	Sr. High	Total
1950	7,978	2,780	10,758
1951	8,534	2,955	11,489
1952	9,328	2,954	12,282
1953	10,351	3,180	13,531
1954	11,228	3,484	14,712

Predicted total enrollment for the next five years:

Year	Elementary Jr. High	Sr. High	Total
1955	11,800	3,781	15,581
1956	12,034	4,007	16,041
1957	13,412	4,042	17,454
1958	14,209	4,174	18,383
1959	14,785	4,726	19,511

To vote in the election, one must either be the owner of property, real or personal on which taxes were assessed at the last tax date or have children of school age. In addition, it is required that a voter must have been a resident of Nebraska for six months, in Lancaster County 90 days, in the Lincoln school district for 40 days and in the voting precinct 10 days.

**Must Be Registered**  
Also, school district residents living inside the corporate limits of the City of Lincoln must be properly registered at the office of election commissioner.

The Board acted to bring the election up as soon as possible in hopes of getting in on the currently favorable bond market. Dr. Watkins stated that checks with investors show that so far a favorable market is concerned, the quicker the bond sale the better.

Dr. Watkins expressed hope of equaling or bettering the 1.80 per cent interest rate the district is paying on its last \$6 million bond issue.

Dr. Watkins sees this year's district tax structure as a disadvantage however. The total district valuation on which taxes are collected for this year is \$143,252,893 and the levy on that amount is 33.77 mills.

Last year, the valuation was \$154,170,436—lower this year as the result of orders from the state Board of Equalization.

**'Bad Impression'**  
This lower valuation, Dr. Watkins said, means less backing of the bonds and could make a difference in the interest rate. This factor could offset the favorable market conditions.

The 33.77 mill levy this year as compared to 28.98 last year Dr. Watkins pointed out, might give voters a bad impression. Actually, he said, the levy would have gone up only about 3 mills had the valuation remained the same and the levy could have remained steady had the normal year to year increase in valuations been realized.

Based on this year's valuations, the \$10.5 million bond issue would mean a 1 to 1.5 mills increase in the levy. Dr. Watkins noted, however, that this does not take into

account additional operating expenses, teachers, supplies, etc., that will come with more classroom facilities.

Dr. Watkins has previously stated that, if approved, the \$10.5 million would, according to today's estimates, take care of all school needs up to 1960. According to what is known today, he said, another bond issue would probably be needed at that time.

## Light Pick-Up Drivers May Get Weighing Relief

State Engineer L. N. Ress said Tuesday a plan may be worked out to relieve drivers of panel and light pickup trucks of the necessity of stopping every time they pass a weighing station.

Operators of the light vehicles have protested that now they have to stop every time they pass the scales, which frequently is several times a day.

Ress said a plan may be worked out whereby the vehicles are checked once to make sure they are properly licensed and allowed to pass thereafter without stopping.

These trucks are so small they could not conceivably violate the legal truck load limits. The only reason for checking them at all is to make sure they are properly licensed, Ress commented.

## Grain Firm Testing New Elevator Sites

Two areas—one in Lincoln, the other near Emerald—are being tested as possible sites for the construction of the proposed six million bushel C-G Grain Company elevator.

According to C. Russell Mattson, Lincoln attorney for the Topeka, Kan. firm, core and soil tests are being made at sites located east of 27th Street and north of the Burlington Railroad line and east of Emerald.

Main purposes of the testing is to see whether or not the ground on either of the two sites will support the weight of the elevator, Mattson said. No reports on the tests have been made as yet.

"C-G plans to exhaust the possibilities of every available construction site in or near Lincoln," Mattson added.

C-G Grain Company had originally planned to build its elevator in College View. Opposition from Union College officials, College View residents, and the City Planning Commission blocked construction in the area.

# Labor Chief Says Government Ready For Action To Aid Job Opportunity

WASHINGTON (AP)—Secretary of Labor James P. Mitchell said Tuesday night "employment is increasing" nationwide and the Republican administration is determined to take "any government action necessary" to expand job opportunity and boost living standards.

Mitchell, taking to television and radio, in a nationwide address described by the Republican National Committee as a major campaign speech, reiterated what President Eisenhower told the nation Monday night—that 1954 is the "most prosperous peacetime year in our history."

Saying "a lot of politicians" are trying to "scare" the voters "by distorting facts," Mitchell said: "All over the country employment is increasing, new jobs are opening up. . . . We are determined to expand employment, and to improve the opportunities and working conditions of those who have jobs."

The Commerce Department reported meanwhile that joblessness dropped 358,000 in October to the lowest level of 1954 — 2,741,000 — which employment remained virtually unchanged.

In an unusual report issued about 10 days earlier than the regular monthly census release, Secretary of Commerce Weeks gave details on the improved job situation outlined Monday night by President Eisenhower.

In an address forecasting a 500-billion-dollar level of American production within 10 years, the President said unemployment this month dropped from 3,100,000 to 2,700,000, or a decrease of 400,000.

Secretary Weeks made public a report from the Census Bureau giving the exact figures. It said unemployment decreased from 3,099,000 to 2,741,000, a drop of 358,000.

Although unemployment usually decreases in October, the Census Bureau said the reduction this year "appeared to be larger than usual."

A check indicated that it was the largest decline in a single month since April 1951.

The bulk of the improvement, it was revealed, occurred in factories making durable goods—those which suffered most heavily from layoffs in the recession that began 15 months ago.

## Train Protest Meet Delayed

O'NEILL, Neb. (AP) — Postponement to Nov. 18 of a meeting called to protest proposed discontinuance of Chicago and North Western passenger trains No. 13 and No. 14 was announced.

Lloyd Pipher of Crawford, president of the Western Nebraska United Chambers of Commerce, said the meeting was set back at the request of J. E. Goodwin of Chicago, vice president in charge of operations for the railroad.

Goodwin said he wanted to attend the meeting and would be unable to do so this Thursday, the original date.

Last week the North Western said it may soon apply to the Nebraska Railway Commission to discontinue the passenger service—one train each way daily—between Omaha and Chadron. The railroad said operation of the two trains was costing the company well over \$60,000 annually.

## Demo Donations Total \$6,172

Treasurer Leo J. Beck on his return from a vacation reported to the secretary of state Tuesday that contributions of \$6,172 have been received by the Democratic state committee as contrasted with the Republican report of \$90,743 in contributions.

He said expenditures have been \$5,109. About half of the campaign gifts have been in sums of \$25 or less.

A supplemental report of the Hruska - for - Senator Committee showed total contributions of \$6,930 and expenditures of \$5,150. Additional gifts of \$2,315 since the first report last week were listed.

## Conference Slated

A rheumatic fever conference with emphasis on the part played by school nurses will be held in Omaha, Oct. 28-30 at the same time as the teachers institute, it was announced Tuesday. The meeting is being sponsored by the State Nurses Association and state agencies. Clinics will be held at the University of Nebraska dispensary.

## Sen. Bowring Aids Candidate Harris

DENVER (AP)—Sen. Eva Bowring (R-Neb.), who runs a 1,000-acre ranch with 1,000 Herefords, said a rancher has campaign duties that come before duties to the cattle.

Mrs. Bowring told newsmen her cattle business can wait as long as there is any place where she can assist in the Republican campaign.

She came here to aid Mrs. Ellen Harris of Denver, Republican candidate for U.S. representative.

Mrs. Bowring, 62, was appointed in April, 1954, to fill the unexpired term of the late Sen. Dwight Griswold. Although she does not plan to run for office, Mrs. Bowring said she will continue her political activities, which started 30 years ago.

I HOPE YOU AND MRS. P DINE WITH US SOME NIGHT... SAY TOMORROW!

EUGENE... HOW COULD YOU MISTAKE THAT NICE YOUNG MAN SO? I'M ASHAMED OF YOU, SON... AND YOUR ASSOCIATIONS!

IS THAT THE THANKS I GET FOR PAYING YOUR RENT AND KEEP... I WON'T TAKE YOU FOR ANY MORE RIDES!

YOU ONLY TOOK ME ALONG TO IMPRESS HIM, SON... YOU NEVER DID BEFORE... OH, GENE... I TRIED TO TEACH YOU...

OH, LAY OFF THE SOB STUFF! I'LL TAKE THEM OUT TO DINNER! I DON'T TRUST YOU!

WELL, WHAT DID YOU SEE IN THE PARK TODAY?

TWO SICK PEOPLE!

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Boer

Government going-out-of-business doesn't mean it is going to stop collecting taxes.

We listened to Ike's television spiel with shovel ears. It was clipped short by 30 seconds. His sponsors went out of business before Ike did.

We never knew the government was manna cluring brakebands for whirling dervishes. Or was giving the head hunters of the Orinoco a reasonable mark-up on returned hats.

There were some other businesses the government got out of. It is going to eliminate the international nursery on the door-step of the State Department.

It will get out of windfalls in building rockfalls in Niagara and prattfalls in diplomacy.

The government competed in sharply specialized gimmicks when it made rope. This was in direct

BRINGING UP FATHER By George McManus

SO YOU'RE AFRAID TO GO HOME YESS -- WHY DON'T YOU THROW YOUR HAT IN THE WINDOW? -- IF WAGGIE DOESN'T THROW IT OUT -- IT MEANS SHE'S GOT VAD AT YOU!

I GUESS NO WAGGIE IN TRYING

NOW TO SEE WHAT HAPPENS --

SHE DON'T THROW VE LAT OUT -- SO I GUESS SHE'S NO VAD AT VE!

DAILY CRYPTOQUOTE

Here's How To Work It

One letter simply stands for another. In this example A is used for the three E's and the two O's etc. Single letters, apostrophes, length and formation of the words are all hints. Each day the code letters are different.

# Churchill Turns Down Red Bid For Big Four Talk

... This Is Not The Time, He Says

LONDON (AP) — Prime Minister Churchill in an exchange with Leftist Laborite Aneurin Bevan Tuesday turned down Russia's latest bid for a Big Four conference on German reunification. The Soviet bid was issued Saturday as the Western Allies reached agreement in Paris on West German rearmament. Churchill did not renounce his own proposal of a year and a half ago for a "conference at the summit" with the Soviet and French premiers and President Eisenhower. But he told the House of Commons the present is not the time for Big Four talks while the Western parliaments still must ratify the agreements to rearm West Germany and give it sovereignty.

**'Ready'**  
Bevan said the public should not understand why Churchill declared "he is ready for high level talks with the Russians, and whenever they invite him to have them, he declines."

When the Prime Minister replied, "I don't know what invitation you are referring to," Bevan snapped:

"The last one from the Soviet Union."

"That was a general invitation to a four-power conference," Churchill remarked, "and at this particular stage when agreements reached in Western Europe have

A 7 time Journal and Star Want Ad is always most effective and costs less in the long run. Place your ad for 7 days, then when you get results, cancel it and pay only for the number of days that it runs. It is easy and inexpensive too. 10 words 7 days only \$2. Phone 2-3331 or 2-1234 for a trained, courteous "Ad-User."

**FAST RELIEF FROM MUSCULAR PAIN**

When you suffer from Muscular aches or the pain of Headache or Neuralgia you want relief and you want it fast... That's Bayer Aspirin!
